Bon voyage, au revoir (nearly) Julie Dauxal’s farewell speech.

Julie is from district 1590 in France four and a half hours from Paris. Her favourite places were:
 Tongariro Crossing – she is not into hiking but it was a beautiful place.
 Sky Tower – she came from the countryside this is the city.
 Queenstown – twice.
 Abel Tasman trip on the South Island tour- she found a waterfall just over the hill.
 Cathedral Cove, Mount Hobson and Tauranga.
 All Blacks versus South Africa.
 Great barrier Island (Jennifer and Raoul).
 Rotorua and Waitomo.

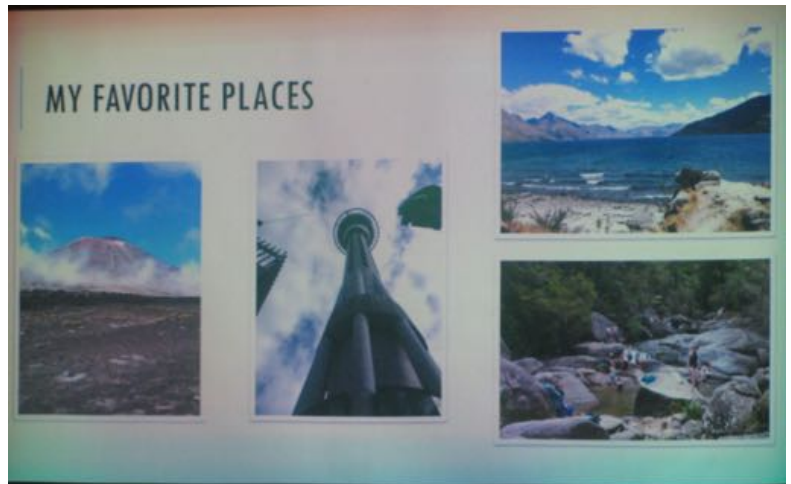

Best experiences – SI trip, Dargaville-feeding a lamb, Challenge Camp – challenging but very rewarding.

The bungee jump was hard and the guy in charge was horrible but she did it. We saw a video to prove so.

Relationships and the families who gave her shelter and love. She particularly thanked her exchange families.

At times she missed her family but was able to Skype regularly. School was different from in France but she had had a good time.

In conclusion she thanked everybody and Rotary, especially the people in Rotary.

She said she had done all but two on her bucket list. It was a life in a year and way better than she expected. She recommended students should say yes to everything. She was returning to school for a year and then onto an International University teaching in English.

Parting thoughts.

Youth is a wonderful thing, what a crime to waste on children.

Inside every older person is a younger person wondering what the hell happened.

Bonnie Choi IYE visited Rome, Pompei, Sorrento, Capri, Venice and Murano Burano during her "BRESA trip" in April. Photos attached. She said "It was a memorable and an unforgettable 10 days in Italy with all the Belgian exchange students!"

She much more confident in the French language, only sometimes speaking English with other exchange student friends. She said it's "Definitely harder to go to school in another language!! I'm not as fluent but definitely feel comfortable speaking French compared to the start" ...I am able to listen to people speak in French! Like i can

understand them but by but and now i can even eavesdrop on other people's conversations!(even though its not good to eavesdrop ;))."

Bonnie has exams at the moment, and feels lucky that she only has to do 4 compared to other students. GO BONNIE!! Thank you all for supporting our Bonnie for her international exchange,

Message from Bonnie:

Bonjour everyone!

So far, I have been having the greatest time of my life with amazing people at an amazing country. For the next 7 months I have been planning to challenge myself by talking to strangers. Eg. at the check out, at a restaurant, at a train, which really is a challenge for me as I have to push myself outside my comfort zone. By the end of this exchange, I would love to be at least semi-fluent in speaking French. I am capable of listening, reading and writing French but I definitely need to improve my speaking skills. I have been talking with my host family a lot lately and it's great because they really try to help me improve my French, make me feel comfortable at home, and make me become a part of the family. I am very lucky to be in this family, in this country with amazing people and I would like to thank you all for giving me such a great opportunity to put myself out there into a different world that I have never seen or dreamt of. Thank you.
