BE THE INSPIRATION

This is the vision statement for Barry Rassin, our Rotary International President for this year. It is enhanced by the colourful logo of a wave, representing the sea that stretches around the world, connecting distant lands. He describes below how important this is for him, coming from a small island, much as we do.

Trying to find guidance for “being the inspiration” I was reading again his theme address from January this year. I find I’m very good at being amazed and awed by others inspiration, and already we have had some inspiring people present to us this year. I am still working on the “Be the Inspiration” bit. Below are some quotes from Barry’s excellent address, I suppose we already know a lot of this - it isn’t new - but we need to be reminded and inspired from time to time.

“To me, as a Bahamian, the sea has always been something special. It represents both distance and connection. I stand at the edge of my island and, thousands of miles away, someone else stands at their edge. Our lands, our nations, our languages may be different — but our sea is the same.

If you want to build a better world, don’t begin by planning projects or assigning tasks.

Begin with inspiration.

Begin by awakening the souls in your Rotarians the longing for a better world — and the knowledge, deep and true, that *they* can create it.

Begin this evening — together, in this place — with our theme for 2018-19: *Be the Inspiration*.

In Rotary, we unite: because we know that we are far stronger together than we could ever be alone.

We take action. Because we are not dreamers in Rotary — but doers.

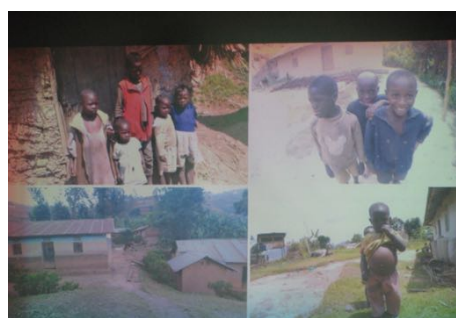

We work to create lasting change — change for the good,

change that will endure long after our involvement has ended. Change across the globe, and in our communities – reaching out to those we will never meet, and those closest to our hearts. “

Remember this Monday’s meeting, a partners night, will be one to inspire us - Dave Cameron, young New Zealander of the year for 2018. It should be an excellent evening.

Hamish Coltman is the founder of the Ugandan ‘Growth Educational Trust’. In 2015 he left his job and went on a 57 day overland tour from South Africa to Rwanda with a friend. He stopped in the Lake Bunyoni in Uganda. It completely changed his life. He spent a day at Little Angels Nursery and Primary School. He later returned and did 5 months volunteering and has returned many times since then. The school provides education to year 6 and 68% do not get beyond this level. Many of the students travel to school by boat so life jackets were obtained from the Tyndall Family and the Warehouse at cost and DHL provided the transport for free. They have also provided four 5000 L tanks for local villages. They also aim to provide scholarships for students to attend secondary school costing \$1500 to \$2000 per year. Robert who comes from a shack with no water, power or toilet is the first of these. He has to walk twice a day to fill a 20 L can of water.

They hope to do more for both boys and girls as currently many families only send their oldest male for education. Secondary schooling is only provided 30 minutes away in the

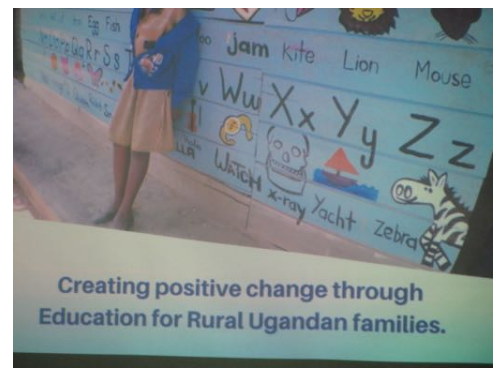

main centres. The first four years of secondary schooling lead to trades and years five and six to university.

Help can be provided at #240.

Rotary Club of East Coast Bays - Chatham Islands Adventure Holiday – February 2019.

In late February 2019, ECB Rotary Club members will have an opportunity to visit the Chatham Islands, New Zealand's most Easterly territory. Situated about 800 Km East of Christchurch, this archipelago comprises 11 islands of which only two, (Pitt and Chatham) are inhabited. This isolation has created a unique society and island lifestyle. Many locals have Moriori genealogy and you will visit [heritage sites](#) and learn of their fascinating history shaped by years of isolation; Moriori, Maori, sealers, whalers, missionaries, farmers and settlers.

The Chatham Islands provide the ultimate destination for those seeking adventure, peace and solitude. The spectacular scenery, friendly locals, fascinating history, unique plants and wildlife and bounteous seafood buffets, all add up to an unforgettable holiday experience. As visitors to the Chatham Islands you will enjoy some of the most spectacular and unspoilt scenery in New Zealand including rugged coastlines, towering cliffs, boulder strewn beaches and expansive sandy beaches.

For your enjoyment, we are fortunate to be hosted by well-known local Chatham Island hotelier and raconteur - Toni Croon with whom we have managed to put together this unique all-inclusive, five-day Adventure Holiday package.

Numbers are strictly limited and already much of the Island accommodation is fully booked for the first quarter 2019. Please refer the Four Corners document for more details. If you are interested – please contact Murray Thoms – 021 990608 before the end of July.
