Rotary Day at the United Nations. This Saturday, 9th November, is the annual Rotary Day at the United Nations, a special recognition of the close ties Rotary has had with the United Nations since its inception 75 years ago. This day celebrates the organisation's shared vision for peace, highlighting the humanitarian activities that both the UN and Rotary lead around the world.

Following World War I attempts to form a structured international cooperation to preserve peace failed because of lack of educated public opinion to support the proposals. In 1943 another attempt was made for the formation of what was to be called the "United Nations" initially led by Great Britain, the USA and the Soviet Union. The next year China joined them and a proposal for the structure of the organisation was developed.

Rotary International was involved right from this time in informing and educating its members about the formation of the UN, which aligned so closely with Rotary's peace and humanitarian goals. It aimed to help all Rotary members understand the importance of developing such an international structure, it provided regular resources and discussion formats for club discussion and encouraged members to spread the word so that this new organisation would not suffer the fate of the post WW I proposal.

Today Rotary holds the highest consultative status offered to any NGO by the UN's Economic and Social Council, reflecting the importance of Rotary's connection from even before the inception of the UN.

This year's focus is on devising community based solutions to the global refugee crisis. Today the number of refugees around the world is the highest since WW II. On Saturday, in addition to a day of learning, listening, and connecting ideas, six "People of Action" will be recognised for their outstanding contribution to devising community solutions to the current crisis.

Back on the sunny and safe North Shore of Auckland, we may not be directly involved in this, but we can throw our support behind our own major fundraiser for the year, which enables us to do our bit towards humanitarian projects at home and overseas — our Golf Tournament. Rod has distributed a list of ways the Golf committee needs support - have a look and see where you can help. This club usually has an outstanding turnout of members to assist.

Remember the main auction item - a fabulous Avalon Waterways Vietnam and Cambodia 13 day river cruise. Do you know of anyone that might not be there on the day that would be interested in having a wonderful holiday and supporting a great cause at the same time? The potential to gain more at the auction with pre-auction interest is very valuable. Please let Rod know if you can help on the day.
