## Notices

A recent resignation has provided an opportunity for interested Rotarians to join the D9910 team.

We are looking for a dedicated Rotarian to take on the position of Interplast District Chair.

*Interplast sends teams of volunteer plastic and reconstructive surgeons, anaesthetists, nurses and allied health professionals to provide life-changing surgery and medical training in 17 countries across the Asia Pacific region.*

*We do this in partnership with local organisations, including hospitals, universities and local NGOs*

*Our mission is to "repair bodies and rebuild lives" and we do this through providing surgical services to those who could not otherwise afford or access these, and by building the capacity of local medical systems through our training and mentoring programs.*

If you are interested in the work of Interplast and would like to consider becoming our District Chair & Liaison for Interplast please contact District Governor Ian Kiernan [iankiernan.rotary@gmail.com](mailto:iankiernan.rotary@gmail.com).
