From President Sean.

It was lovely to have Tim Edmonds and Maggie Broome at our meeting on Monday and hear about their plans for the Well Foundation with the new Breast Centre and also the new ward coming. As a President one of the best parts of the job is giving away money on behalf of all the members and the hard work of Rod and his team. It was great to have the opportunity to hand over a cheque for to allow the Well Foundation to purchase the Resuscitation trolley. (see photos below)

I also was lucky enough to spend the weekend with a great bunch of Rotary International Youth Exchange students from Districts 9940, 9920 and 9910. As is always the case things never quite run as planned. This proved the case with us having to pull another hike out once the crossing was closed. Thanks to Steve and Stephen for their continued support and organisational skills. Stephen continues to deal with driving the van and all the food supply- special thanks to Stephen for this.

It is great in this club that we continue support all the things we do. Next week is the joint meeting with a number of cluster clubs. This promises to be a fun night and an opportunity to see what some of the other clubs on the shore have been up to.

Reminders

1. Robyn needs raffle prizes to make up a basket for a raffle on Monday to try and raise a bit of money towards the next Cambodia student.
2. Gary is looking for names for the 11th of May interest meeting.
3. Friday 6 March Quiz at Rangitoto College for the next Cambodia trip in September. \$10 each (we already have 7 for a team so another 3 would be wonderful)
4. Applications for IYE close 31 March 2020

2021 Youth Exchange applications now open! Do you know a young leader from your circle of friends, relatives and colleagues? We would love to see them apply for Rotary's IYE programme. We guaranteed it's a year they will never forget, and this year we have an exciting new exchange opportunity into Eastern Canada! Applications are open now and close on 31 March. Apply at www.rotaryyouthexchange.co.nz or by contacting Monica at monicawebb66@gmail.com

Notices.

President Sean thanked Steve and Stephen for their help with the exchange students for their visit to Tongariro. Unfortunately, the crossing was closed but they did the Traverse instead. Most things worked out well but Sean's car broke down and he had to return by bus from Taupo.

Next week is a North Shore cluster meeting and we hope to have 100 people present. We will have a \$5 raffle prize to raise money for the Cambodian student (due 2021). Any donations for the prize to Robyn please.

Meet and greet 11 May 5.30 till 7.30 Visitors may pop in or stay the whole time. Finger food provided. Think about who you can invite. IYE outbound candidates required for 2021 by the end of March.

Resus Trolley Bay

Rod said they had started visiting major sponsors for this year's Golf Day. He said Waitemata Golf Club had requested that we do not have it in November so they have chosen 29 October. He then introduced **Tim and Maggie** our guest speakers. Tim said when he joined the Well Foundation, he looked to see who

had been linked to the Foundation for a long time and found our club had had five years with the Well Foundation and 15 or so with North Shore Hospital before that. Maggie Broome is the Project Manager (clinical) for diagnostic breast services and is paired with a business partner. She has been at North Shore hospital for 30 years and currently is also managing the new medical ward at Waitakere and new cardiac monitors for the DHB.

She said they looked at the current service provided and decided that it was wrong from the waiting room onwards so they are building a completely new ward (see photo). Patients are referred to them by their GP, the breast service or ED and as it can be a worrying journey, they hope to make it more welcoming, homely, less clinical looking and be able to coordinate services for a more prompt pathway. She showed us the new layout which provides a better flow from the two mammograms and two ultrasounds to interview rooms. The Breast Cancer foundation has invested heavily in this project as 100 people per week are referred of whom 10 have further diagnoses. Tim told us of a previous contact with a rotary club providing oxygen machines in the Pacific to help reduce deaths of children with pneumonia. Replacing cylinders with solar powered oxygen-concentrating machines has made a great

difference. Rod then presented Tim with the cheque.
