Welcome back.

Well I hope you all have had a break and a couple of long weekends as we head deep into February. Apart from me being an active relaxer and needed to be doing something all the time (much to Vicky's annoyance sometimes). I have in the past week contemplated what is important to me and decided that family should always rank highest. We all have such little time on this planet to do what we want to do and give back more than we take.

One quote resonated. From Buckminster Fuller -
 What is my job on the planet, What is it that needs doing , that I think I know something about that probably won't get done unless I take responsibility for it !

After all that is why we are in Rotary - to make a difference. As we restart the year in earnest I ask that next week we focus on some of our Rotary programmes via a club forum. I have asked a number of member's to speak on key areas.

The week following 22 February , we have David Downs, Chairman from the Well Foundation, visiting us and this is a partners' night. David has a very inspiring story to tell us. We will also be presenting a cheque to complete the purchase of the maternity chairs for the Maternity ward. This coming Friday Rod and Martin will be attending the opening of the new Breast screening Centre at NS hospital. This follows on from our fundraising for the Resus Trolley in 2019.

Coming up events
