Morgan's Message

At our last meeting PG Stuart Batty addressed the club on project CHEF (Clothe House Educate and Feed) which supports children in the Upendo leprosy mission in Arusha, Tanzania. These are children who are either orphans or whose parents have contracted leprosy and are unable to support them. The project aims to support one child for a year on a donation of just NZ\$250. This is a project which this

Club has supported since 2003, specifically supporting Monica Maiko who is now 18 years of age. Whilst Monica is no longer in direct need of project CHEF, we have passed the baton to the Interact Club of Pinehurst School to start the process all over again with a new child.

It was particularly fitting that we should have PG Stuart Batty giving this address on the first meeting in October as the month of October has "Economic and Community Development" as its Rotary International theme. Stuart heads Rotary NZ World Community Service (WCS) which is a NZ registered Charity and is recognised by the New Zealand Government as a Non-Government Organisation [NGO].

Notices.

David Charlesworth is looking good but not very mobile. He would appreciate visitors and he and Bronwyn are moving to Fairview in December/January.

Bernie still needs **marathon** helpers and there will be a meeting next week.

The Golf Tournament is on next month and we still need competitors and auction items.

District Conference next year is in Whangarei. It does not rain in the north. Ha ha.

The Mitre 10 barbecue raised \$300 in the rain and there is another one at the Warehouse in Albany on 12 November.

There will also be a barbecue at Pinehurst on 03 December – both of these are to raise money for club funds.

PG Stuart Batty reported to us about the CHEF program in Tanzania. In 1995 Rotary Foundation established a facility for 125 Lepers and their families at Upendo. After visiting the site Stuart and John Somerville returned to New Zealand and asked clubs to sponsor a child for \$250 and many clubs did including this one. ECB sponsored Monica May from 2002-2015. She is now having further education at a boarding school. She has quite good English and thanked the club for their support. In 2005 management of the facility transferred to a Catholic order. They are now self-sufficient in food with crops, cattle (NZ donated) and chickens. Leprosy is on the decline and the new government made education compulsory for all those seven years and older. This meant an 11 million increase in the school roll resulting in two shifts in many schools. Rotary has started a project to build a new school and have raised nearly half the funds.
