Morgan's Message

Last Monday saw ECB Rotary Club gain a new member, namely Jenna Tuuta. I'm sure Jenna will be a real asset to the Club and I encourage you all to get to know her. Jenna was inducted into the Club by our own PG Peter Garnett, and Peter will also be Jenna's mentor.

Peter was of course our guest speaker for the night, in his capacity as District Foundation Chairman. Peter gave us a very impassioned and informative talk on the work of the Foundation, with particular emphasis how the Foundation's six areas of focus actually work and what they mean in practice.

In this Centennial year of the Foundation, I encourage you all to consider becoming a Centurion. We currently have 17 members in the Club who are Centurions, this simply means that they donate NZ\$100 per year to the Foundation. This can be done very simply by completing the special application form and then paying either by direct debit monthly, or by one annual payment. The donation is of course fully tax deductible, and as Peter pointed out, is equivalent to roughly the cost of one cup of coffee per fortnight! I have attached the application form and challenge those of you who are not already Centurions (like myself!) to act now!

AGM next Monday please bring your own copy of material sent to you. Pres Gary congratulated Rod and the club for an excellent golf tournament which had a full field and full hole sponsors probably leading to a record result. Rod thanked those involved. Bruce showed us two paintings from inmates at Ngawha Springs which arrived the day after the Golf. Steve G. reminded us of the barbecue fundraiser at Pinehurst on December 3 and asked if anyone had any work for his

The money comes back to us!

- The Rotary Foundation invests our District contributions for three years, and makes the funds available to us in the form of Grants to support our local and international projects.
- In 2013/2014, our District 9910 contributed \$US143,738 to the Annual Programmes Fund. In 2016-17:
 - 50% of this amount (US\$71,869) was credited to our District 9910 TRF Account, our District Designated Fund (DDF), for use in District Grants and for contributions to Global Grants
 - 50% of this amount (US\$71,869) was credited to TRF's World Fund which funds Global Programmes and Operations
- 100% of all the money you give to TRF goes to the charity – one of the most efficient in the world!

unemployed son before he goes away.

PG Peter inducted Jenna Tuuta into the club. She is from Taranaki and trained in Palmerston North. Jenna taught English in Korea for three years and now is an events organiser for North Shore Hospice. She first learnt about Rotary at RYLA.

PG Peter who is District Foundation Chair addressed us about Foundation. He showed us a video showing its start in 1917 through to its current size 1 billion US. Highlights included helping disabled children, trying to eradicate polio, the involvement of the Gates foundation, starting international scholarships after the war, group study exchange and many more. Foundation is the jewel in the Crown and makes a difference. It helps support ERKs and is currently helping to improve the education

status of the 41 million girls with no education. It is also working to improve the life expectancy of under fives and the one in 20 women who die in childbirth. The Gates foundation is currently donating \$35 million a year on a two for one subsidy. Foundation provides funds for district grants and for global grants (over \$30,000 US).

He also recommended the Centurion program who donate \$100 per year and benefactors who leave a donation in their will. Donors are recognised by being made a Paul Harris Fellow for donating \$1000 US. Higher awards are given for larger donations.

He asked us to give to our charity – we can make a difference.

The Global Development Tour is a month-long educational trip to Europe and New York starting on January the 11th and ending on February the 7th 2017. The Tour is staffed by 4 volunteer directors, all undertaking tertiary study. The Tour visits cities such as Paris, Geneva, Brussels, Copenhagen and London - all leading examples of the charge to meet the United Nations' Global Sustainable Development Goals. Each stop on the Tour relates to a focus area of these Goals - basic needs, equity and education, environmental sustainability, and business and innovation. In each city we will visit relevant policy makers, businesses and NGOs for educational meetings. The trip then culminates in attendance at the 2017 Winter Youth Assembly – an international youth

conference, hosted at the United Nations Headquarters in New York – where we can share what we have learned over the preceding tour with like-minded students from around the globe. I have been fortunate to be chosen as one of 20 high school students nationwide to partake in this opportunity.
