Morgan's message.

There is no meeting of the Club on Monday as it is Queen's Birthday weekend. Monday also happens to be Arbour day here in NZ, so you'll have plenty of time to get out and plant a tree (or two)!

This club has a strong history of planting trees, as we have been long supporters of the Trees for Survival project and, in particular, having supported the growing unit at Murrays Bay Primary school. In fact we have been supporting this unit for the past 22 years over which time it would have produced and planted many thousands of trees. The teachers also tell us that the students involved gain a great deal from the experience of growing and then planting their trees (with our assistance) and helping the environment.

The Trees for Survival (TFS) programme is an environmental education programme which involves young people growing and planting native trees. This is done in partnership with organisations such as Rotary, with the aim to restore natural habitats by helping landowners revegetate erosion prone land, improve stream flow and water quality and increase biodiversity. Currently there are over 5,000 schools involved and over 70,000 trees planted each year. Over the past 20 years TFS would have planted more than 1 million trees! If you would like to learn more then visit

<http://www.tfsnz.org.nz/>

Finally please don't forget that Murrays Bay Primary school have their tree planting day on Wednesday 14th June. So if you can spare a day, bring your wellies and your spade, and come along. Just let Bernie know if you can attend.

Before I sign off, just a quick reminder that we're wanting your spare men's and boys' clothing and good quality old suitcases that can be used for temporary storage. We are also wanting any household appliances/items as we are collecting for the residents of Edgecumbe and for our upcoming garage sale to support our International Youth Exchange (IYE) students. Lynette has kindly offered to be a collection point for the items for Edgecumbe, so please have a sort out over the long

Next meeting
12 June 2017

Mike Stanley CEO

New Future for Children with Tola far right.
Changeover Friday 30th June – see attachment. No meeting on the 26 June.

Magazine delivery this weekend contact Amanda if you can help.
Rose Theatre play – Bernie is organising a weeknight visit.

Jenna reported on her attendance

at Sunday's learning and information meeting. It was an enlightening experience and her experience with ECB was helpful. She learnt about different meetings, different times and why we have committees. It was good to see the bigger picture.

Amanda talked about maternal mental health and the service she had received 20 years ago. The coordinator at WDHB said that by phoning to ask what the club could do she had made a difference. There were many acute cases including older first-time mothers and birth trauma bringing to the fore an existing problem. New mothers were often quite isolated and it can happen to anyone not a particular demographic. Don't underestimate a moment of your kindness – it has the power to change lives in ways you may not know.
