History

1980 – 2020

Introduction

The information in the following pages was primarily compiled by late Club member Adrian Vennell over a number of months.

We are grateful to Adrian for his efforts.

A number of background comments including some wider Rotary History are set out in the last chapter of this History.

The history has been divided into six sections – this introduction, 80s, 90s, 2000s, 2010s and Appendix.

It is intended to be a series of live documents that are added to as people recall events and as more accurate information comes to hand. When you have comments, amendments or additions please email me on amf@fmlaw.co.nz. Please let me have any relevant photos.
