QUIZ NIGHT

Fundraiser for Innovative Young Minds

The Innovative Young Minds (IYM) programme is designed to inspire young women to choose study and careers in science, technology, engineering, mathematics and high tech manufacturing - the STEMM sector - where they are currently underrepresented. Increasing female participation in STEMM will mean greater innovation and economic success for everyone.

Endorsed by Jacinda Ardern, IYM offers a life-changing experience that future proofs diversity for the STEMM sector in New Zealand.
