PRESIDENT'S PIECE

The Pride in Work Awards being held at our Tuesday meeting is quite a highlight for Tawa Rotary. We will have 70 visitors at our meeting and an opportunity on the night to Showcase what Rotary in Tawa is about. Amongst the 70 visitors I am sure there will be some who may be interested in in a Rotary membership or helping with a project. These opportunities don't come that often so I do question why only 14 of our members are planning to attend. I know some are away and others may have something else more important on but a huge effort has been made to put on this event and it would be a shame to miss the opportunity.

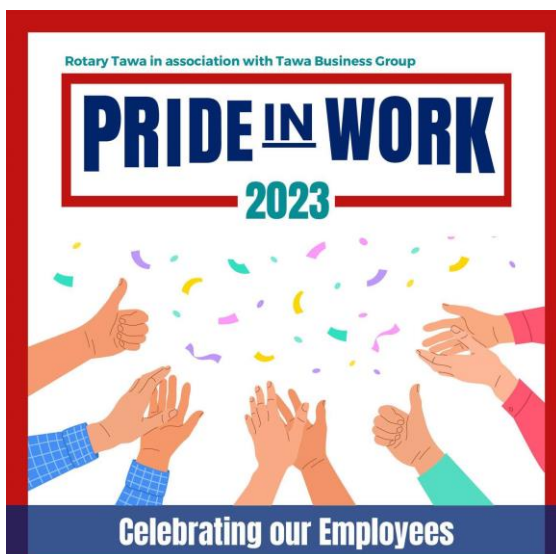

Over the next weeks we have two quite outstanding speakers and I have told them they will have a large audience. I assumed that members would be interested and that members of the community might want to come along if invited to hear Hon Peter Dunne on Tuesday 24th analysis the election results and on Tuesday 31 October listen to Dr Swee Tan give an update on his research for a treatment of cancer.

The future for Rotary in Tawa is dependant on having members who are actively involved in the life of the Club. There are projects planned for the next few weeks which again will give the Club an opportunity to engage with our community. Watch this space.

Have a fun week
Yours in Rotary
Pat

!

NEXT MEETINGS

17 October – Our annual Pride in Work Awards. So far I have 15 nominations so we will have a big crowd attending the awards evening. This is our chance to show the community what Tawa Rotary is all about.

24 October – Hon Peter Dunne will give us his perspective on the election outcome and what we can expect from the new Government. Again – bring partners, neighbours and anyone interested in the new Government. Peter is a well known identity and his views are sought by the media. Should be really interesting

Gillies McIndoe

RESEARCH INSTITUTE
Innovating cancer treatment

31 October – Dr Swee Tan, founder of Gillies McIndoe talking about their research on cancer treatment. I have followed Dr Tan over the years and know we will have a fascinating night. They have apparently patented and are testing some treatment of cancer types. Find out more at the meeting.

Please do support the Club by coming along to hear our great speakers and do bring along neighbours, friends and partners.

7 November – Melbourne cup night at Plimmerton Rotary

Johnsonville Rotary Project for Monday 16 October

Rotary Club
of Johnsonville

Can anyone help please for a few hours on Monday afternoon, Johnsonville Rotary are arranging to send 70 boxes of educational resources to the Pacific using the Navy and Mainfreight but have to get the 70 boxes from a Churton Park house to the Mainfreight depot at 81 Aotea

Quay. And they have to go on Monday to meet the Navy deadline. Is anyone able to help to load and unload boxes and who have a van, or trailer and /or people mover and who would be able to spare a couple of hours on Monday. There will be a couple of people at the house to help. And the cars/ van / trucks can one at a time get down the driveway to park right outside the garage where the boxes are. I will be there and at the other end where we need to load the boxes onto pallets at the Mainfreight depot.

Hoping you can help please. Thanks

Geraldine Needham-Girven Secretary
