Photographer	Laura Sommer	R Hutchinson	R Hutchinson

PRESIDENT'S PIECE

Pride in Work Award Recipients.

Wow I must say that Tuesday's Pride in Work awards evening was a great success judging by the 'vibe' I felt from among those who attended. Thank you to those members who hosted tables and looked after guests. Twenty Awards is a record, and my sense is that we should keep that as the limit. The guest speaker was quite perfect for the theme of the evening – recognising leaders amongst us. Bronwyn Lord spoke of her experiences starting work at 16, being fired and rehired and eventually owning the business a McDonald Franchise. Her message and challenge to all of us is so relevant. Those who weren't there do ask one of us about it!

This week we have the Hon Peter Dunne giving us his assessment of the election outcome. I have watched him on TV and listened to him being interviewed on the radio – very insightful. Please bring along friends and family to hear him. Remember we welcome visitors who may just want to listen to Peter to come at around 6.45/7pm – no charge.

Spring into Tawa on 28th will be an opportunity to again showcase Tawa Rotary. We will have books for sale from our stand which will be next to Inner Wheel. If you can give us some time over that day including helping set up our stand and then being there to talk to people, sell some books and generally to raise the flag. I would be very grateful. Enjoy the long weekend. We're heading to Taupo for is and it looks like the weather will be kind. Pat

NEXT MEETINGS

24 October – Hon Peter Dunne will give us his perspective on the election outcome and what we can expect from the new Government. Again – bring partners, neighbours and anyone interested in the new Government. Peter is a well known identity and his views are sought by the media. Should be really interesting

31 October – Dr Swee Tan, founder of Gillies McIndoe talking about their research on cancer treatment. I have followed Dr Tan over the years and know we will have a fascinating night. They have apparently patented and are

Gillies McIndoe

RESEARCH INSTITUTE
Innovating cancer treatment

testing some treatment of cancer types. Find out more at the meeting.

Please do support the Club by coming along to hear our great speakers and do bring along neighbours, friends and partners.

7 November – Melbourne cup night at Plimmerton Rotary
