

From Timaru's St Josephs School Rooms to the South Canterbury RRA Club Rooms to the SCRFU offices,

Its a bitter sweet day for Nicky Geary who has spent the best part of 18 years operating out of the building , that is soon to be rehomed in Seadown and used as HQ for a local electrical business,

We are sure Nicky will be happy with her new spot at the Fraser Park Sports Complex that overlooks the old office site.

So we bid farewell to the offices and wish you and your new owners at Hardie Electrical all the very best for your next journey!!
