

Day Five Of Apple Picking (21.05.22).

David Allen and Tony didn't get their feet dirty, didn't have to pick up boxes either

Lynette drove the truck for David and Tony

Ashley Milliken climbed for the higher apples

David Darling went for the middle apples

Janice Darling picked from the ground

Basil is the statistician

Jenny is our quality control

A great effort by the apple picking team (including Basil behind the camera)
