To Whom it may Concern.
 Thank you so much for blessing myself and three daughters with these gifts you have no idea the weight you have lifted from my families shoulders no words can describe so from the bottom of our hearts we wish you all a very merry christmas and a amazing new year.

To our very special "Christmas Angel"
 "Thank you"
 We thank you sooo much not only for the wonderful gifts but for the lovely thought that went into them.
 We cant express enough our gratitude and heart warm thanks.

To Our Special Christmas Angel,
 Thank you so much for making our Christmas so very special at a time that has been so stressful for us.
 you are so very special & such an amazing person for doing this for our family.
 We will never forget this & what you have done for our family.
 Merry Christmas

Upon delivering this Angel parcel to the family, the mother was very emotional at the support and thought that went into these parcels. The vouchers were most appreciated so the family could buy what they wanted for Christmas and I was asked to pass on a 'Thank you so very much'

This family is a single income family and struggle to make ends meet. Christmas was a real worry for this family. The Mum was so excited about the Christmas angel concept and the vouchers received really helped this family to prioritize their spending. Thank you from all of the family.

Dear Christmas angel
 Thankyou so much for your kindness and generosity it is truly appreciated. My kids and myself are able to have a happy stress free christmas.
 Thanks to you

To our xmas angel.
 Today we received our families gifts and put them under the tree before our children came home from school etc. once they walked in, our home filled of so much laughter and excitement. You have truly blessed our whanau and we are whole heartedly grateful for what you have given us. Thankyou for providing our family with christmas.
 A very blessed and happy family

As I write this, I watch my kids sneak over and tily peek in each santa sack and run away giggling with the biggest grins on their faces. My kids really needed some happiness after such big losses this year. We are grateful.
 Thankyou!
