

18th January 2022

Dear Julie & Rotary Club of Timaru,

On behalf of Presbyterian Support South Canterbury/Family Works I would like to thank you for taking part in the Christmas Angel project 2021.

This was such a wonderful project with 130 local families supported. Our Family Works staff have said that it was very humbling to take the packages to the families and the responses were delightful – many tears and hugs, sincere gratitude and so many thankyou's!

We have really appreciated your support and some of the stories that have come back to us from the Christmas Angels about the way staff/family/friends embraced this project and why, have also been so beautiful to hear.

We will be taking this project forward into 2022 and hope that you will come on board with us again to support a vulnerable family through the tough Christmas period.

If you and your team are wondering how you may be able to support families through the rest of the year then please check out our Guardian Angel <https://www.angel.org.nz/> website where you or your workplace could become a guardian angel to our Family Works families with regular monthly giving – every little bit really does help and it does stay in our community.

To those who took the time to fill in your feedback about the Christmas Angel project, thank you, we really welcome your thoughts and ideas on how we can improve this initiative for 2022 and beyond.

Once again, I thank you for your time, your generosity, and your community spirit – together we really can make a difference.

Kind Regards
