

Hi Lionel,

I can confirm that your Club's payment has now been received in the CITC bank account.

On behalf of the trustees of Classrooms in the Clouds and the communities that CITC supports in Nepal I would like to pass on our sincerest thanks to yourself and all at the Rotary Club of Timaru for your kind donation of a year's salary for CITC sponsored teacher Phambi Rai.

Phambi is a highly dedicated teacher who is always keen to make the most of her professional development and training opportunities to provide the best possible learning outcomes for her students. As well as her classroom duties, she has recently led a series of menstrual health workshops, delivering engaging practical activities and helping to empower young women and girls.

CITC is committed to the development of strong female teachers to act as role models and catalysts of change, thank you once again for your wonderful support!

Kind Regards
Kate
