

Special Guest artists: (none have agreed yet but it's early days), Aiden Theatre perform Bill Shakespeare as you have never heard before, Timaru Drama League near-professional performers, Magician with a Magic Guillotine (will Jacinda, the Opposition Leader or the Mayor be willing to place their head in it?) Dunk OJ the radioman in C-Play fun. Hot dogs and Chips at the door.

All fictional of course but anything is possible to bring joy to Timaru in a Covid-19 world!

Now you are reading this and ready to tell me the Board hasn't approved of any of this, you best come along on Tuesday in case you are co-opted into the Rotary Community Circus. On Tuesday Declan Smiddy will be joining us to speak about Aviation. Hey, maybe we could have those magnificent people and their flying machines in our circus?

DO NOT FORGET your contribution to the community food bank or you could be in for a fine from Sergeant Margaret. Not long to go before I will need a truck to take our contributions to Timaru Presbyterian Support (hey Kirsty might perform in our circus if we help her organisation) Seriously, I know of a husband and wife who have both just lost their jobs. This year there will be a huge need for food parcels so those who can please do your bit.

Finally, we could invite the Motor Bikers to perform in the ring of death at our community circus.

See you ALL on Tuesday.

Mā te wā

President (might not be after you read above) Hugh
