

Well wouldn't you know it, the new President talked for so long that there was no time left for committee meetings! Bad mistake asking a lawyer to speak they don't know when to shut up. Oh dear! Well I did say to let me know when I stuff up and Margaret says I bored her silly.

Even so let's stay positive. I thought it was a wonderful motivating speech. I took out my cardboard cut out hand that I keep at home for special occasions and patted myself on my back. You should have one too! Remember our Rotary year will be just magic and you our members will make it just that.

See you all Tuesday with \$2 or more for your fines! Object to \$2 not a problem. You will be fined \$1 every week until you agree \$2 is Ok. That's democracy in action!
