

Last weekend while we were in the chip van working, we had a little girl ask "are you Rotary". She then proceeded to tell us she got a new dictionary from us at school. She really liked it and had used it already. It was a lovely exchange and just goes to show that the brand/logo's do register with people, even with year 4 student!!

We received a lovely thank you letter from Hunta Lancaster - our most recent Outward Bound Scholarship recipient (attached below) Letter was written while he was out on his solo.

We have the laminated copies of the club photo for those of you who wanted one, they will be at Rotary the next couple of weeks to collect.

Tony still has a couple of tickets left for the next play at the little theatre - please let him know if you require a seat.

So this is me signing off the bulletin for the last time as President, what a ride it's been! Thank you all for your support over the year! Looking forward to our 'Just Magic' Changeover next week at The Ponderosa.

My final closing thought of the week: Learn to trust the journey, even when you don't understand it. Anonymous.

President Jess Over and Out
