

On Tuesday night we had a fabulous quiz run by Bruce and Paul (and John with some technical help) The gents had been busy taking photos around our area, made a slideshow of the photos but they covered up most of the photo and we had to guess where or what the photograph was. It was great fun! Congrats to Bev, Lionel, Keith, and Hugh for taking away the chocy Santas in 1st place.

We have our final woodcutting day of the year on Saturday morning - a big turnout would be great! 9am at the shed.

We have just found out The Caroline Bay Bike Skills Park is to be opened informally by Mayor Nigel at 2pm on Saturday. We have been asked if we would like to be there with a child/children to be the first onto the track. So, get your Rotary gear on and head down to the track with your little people for a test run!

Closing thought this week: Life is short, so smile while you still have teeth!

Have a great weekend!  
Jess
