Please note: This is a real family. The family is identified by a code number to protect their privacy

This is a family of a mum and dad and their 2 children. They live in Timaru.

This is a single income family who are currently struggling financially. Dad has work but is low paid.

The family came to New Zealand from India and they have no family support here.

They have been receiving support from the Aoraki Multicultural Centre since 2021.

Mum is keen to find work. She is currently assisting on a voluntary basis at Multicultural Aoraki, in an attempt to upskill herself. She is applying for jobs.

Any assistance would be beneficial for this family - including grocery and petrol vouchers.

Thank You for supporting this family. Your help means they get to experience a wonderful Christmas.
