Det. Troughton - Mark Palmer
Photographer Shaun Lines

This superb example of the British farce has had audiences rolling in the aisles in London, New York- and now Timaru.

John Smith is a taxi driver with two wives in different areas of London. He has a very strict schedule. An accident upsets this and complication is piled upon complication as John tries to keep his double life from imploding. "Run for your Wife" is in the grand tradition of "Benny Hill", "Fawlty Towers" and "Are You Being Served? Set squarely in the 1970s-think flares, bright colours, wide ties and the humour of the decade.
