Dear Mr Garden,

On behalf of all the Year 4 students at our school, I would like to say a huge thanks for the fantastic dictionaries your group provided. Our students were very excited about receiving such a bright, colourful and new book, that was theirs to keep.

We have discussed how generous this was and one student suggested that we do something in return for this kindness. We are deciding as a class what we could do to pay this kindness forward.

Please pass on our thanks to all of your hard working committee and members for all that you do from our community.

Regards,

Keri Brown

Dear Mr Garden,

We're so grateful for the dictionaries. Thank you so much. The Year 4's in room six and room seven love them. We enjoy them so much. Now we can fix everything whenever we want.

This is very kind of you as we know they cost a lot of money. They are colourful and the pictures look so real especially the spiders. Thank you.
