Dear Members

On behalf of the Timaru Area Committee I wish to sincerely thank you all for assisting Timaru St John with the Street Collection held early April. Over the two days approximately \$4500.00 was collected in Timaru. This was quite an increase on previous years and our best result ever.

The willingness of your club to assist the committee was greatly appreciated and the commitment shown by your club to provide collectors was commendable.

Without the support of organisations such as yours, events like this would be difficult to achieve, so once again, thank you. We look forward to working with you again in the future.

Yours faithfully

Sally Jarvie  
Area Executive Officer  
The Order of St John - Timaru
