Re: 'TOOT FOR TUCKER' FOOD BANK PROJECT

Lions Clubs 'Toot for Tucker' coordinating a food collection again this year in time for the Christmas period. This project helps many families in need and the response from Timaru residents for the last years has been amazing. We anticipate this to be repeated this year and again ask for volunteers from your organization to assist with the collection of the items.

The base this year will be the St John's depot entrance off Jackson Street.
A safety briefing will take place before departure.

Tooting vehicles alert residents that a collection vehicle is in their area.
We require helpers to gather the items and drive vehicles, in the past we have found we need 2 or 3 collectors per tooting vehicle. The collecting will take place on Monday November 21st from 5:30pm.

Widespread advertising will be done including newspaper, radio and fence advertising for 2-3 weeks prior to collection time.

Please reply by Monday 14th November with numbers if you are able to join us with the collecting.

Please note change of venue.

Yours faithfully,

Yanni Dijkstra
Secretary
Timaru Suburban Lions Club.
