

2025 has started off with a bang! 😊

The wishing well renovation is almost complete.

Thanks to all those involved with the project! Not only club members, but friends of the club too.

The Before Photo

The top was taken to Blast Craft for a spruce up and returned looking much tidier!

Special thanks must be given to a few local businesses:

Blast Craft gave us a discounted invoice for their work to repair and paint the top cover.

Branded Kiwi who will be replacing the sign writing around the top for no charge.

Ruston Architects for the muscle during work hours.

Isn't she looking lovely!? ⇒
