ADMINISTRATION:

Life has changed since beginning of the Rotary Year in 2021. We have to review and change how we do business within the traffic light covid system.

Next year's theme set by the International President is "Imagine". She wants us to dream big and realise our dreams. Any ideas we have, by the time they come to fruition, are likely to fall into the next Rotary year and her theme.

Frequency of meetings:

Do we change to fortnightly meetings like some other clubs.
Maybe temporarily while quite

Will this stall or slow down activity organising or is it slow in this current climate anyway

Those wishing to meet the alternative week could catch up over dinner somewhere

Maybe speaker on alternate weeks

Politician speakers

Member life stories

Clubs joining together for guest speakers making it bigger groups

Save some speakers until more members are back

We need to find alternative income streams within covid restrictions
