

Dear Rotary Club of Dalkeith Members,

It's hard to believe that almost three months have passed since I got back to Belgium.

I've been enjoying my vacation, even though the weather hasn't been great for most of it. It's been really nice to catch up with friends and family. My animals are all doing well, and I've even started competing with my pony again – and it's been going great!

I remember telling you about my trip to Copenhagen and I'm actually writing this on the train ride home. The trip with my friends was wonderful and I'll attach some photos to share the experience with you.

Also, I start university tomorrow! I'll be studying management engineering at the University of Namur and I'm both excited and a bit nervous to begin this new chapter.

I hope you're all doing well.

Best regards,

Mathilda Hontoir
