PRESIDENT'S REPORT – 2021/22

General Matters

We have come to the end of another successful year, my second in this 2021/22 cycle and my fifth overall in the past seven years. But don't get me wrong, the journey has not been a hardship. It has been an honour to serve this club over that period and I have greatly enjoyed my two stints as Club President. In this regard I acknowledge the tremendous assistance and support I have received from my wife Jeanette.

The past two years have seen many challenges due to the uncertainties surrounding the Covid pandemic but our club has shown considerable resilience especially when speakers have withdrawn at short notice. Our members have stepped in with stories, anecdotes and even full presentations.

The year in review has seen some considerable successes again but also, as always, some matters which have yet to be achieved. We achieved a Rotary Presidential Citation once again. This means that, largely, we met our targets.

I would like to deal with our many achievements in the past year. These are considerable:

- **Joint Rotary/St Edmund's Church Fete:**

This was our second year in a row participating in this fete. It was held at St Edmund's Church in Wembley in November 2021. This was a huge success not only financially but also because of the complete team effort involved. It seems to be the only occasion as far as I am aware when the entire club contributes in some way and this was again the case – all club members, their partners, some children and even some grandchildren. From a financial perspective, it was more successful than the previous year and has allowed our club to achieve a more sustainable footing when considering project participation, donations to the Rotary Foundation and other organisations.

Joint Fete Kids' Corner Stand

- **Lake Monger Community Shed:** Although this project is no longer an active one as far as this Rotary Cambridge is concerned, we continue to take an interest in how it is being brought into a fully operational position.
- **Youth Programmes:** The club participates in all the many youth programmes offered by Rotary. However, the degree to which the club participates in them from year to year depends on the applications received. For a full description of these, reference should be made to the Youth Report.
- **Peace Poles:** It often happens that the best projects come along by accident. This was indeed the case with the provision of Peace Poles at eight Primary Schools in our area. The schools conducted Peace Pole unveiling ceremonies as close to World Peace Day (21 September) as possible. These ceremonies involved some input by me on behalf of Rotary in the reading of the UN message and explaining how the project fits with one of the Rotary Avenues of Service – Promotion of World Peace. On some occasions the Peace Song (Light a Candle for Peace) was incorporated into the ceremony and what a moving experience this was – especially at Mount Hawthorn where the whole school (960 students) performed the song.

Peace Pole Ceremony – Mount Hawthorn Primary School

All schools will have follow-up ceremonies on or close to 21 September again and Rotary can once again be present and speak at these. How those eight schools plus now a further two can be fitted into my schedule remains to be seen.

- **EarlyAct Activities in local Primary Schools:**

Churchlands Primary School Sustainability Group

I continue to run small programmes at four local Primary Schools – Floreat Park, City Beach, Churchlands and West Leederville.

At Floreat Park and West Leederville, I coach the schools' Year 6 Leadership Groups in the running of meetings.

At Churchlands I assist the Year 5 Sustainability Group in running their meetings and with assistance and advice with their gardening projects. Libby Larsen has now started assisting with the gardening. At City Beach, David James, Max Puddey and I help the Manual Arts teacher in her classes. At Churchlands and City Beach Primary Schools I was invited to present awards at the Year 6 Graduation Ceremonies.

- **Wembley Districts Junior Cricket Club Friday Evening Sausage Sizzles:** A great feeling of camaraderie has developed over the four seasons that we have been running these. The cricket players and their families all know us now and there is a wonderful atmosphere on a Friday evening. It acts as a useful small-scale fundraiser for our club while at the same time giving us a face in the community. We continued with the innovation this year of taking credit card payments and this has proved to be ever more popular. All leftovers are taken to a shelter for recovering drug addicts.
- **Liaison with National, State and Local Authorities.** Contact and liaison were maintained with the Federal Member for Curtin, Hon Celia Hammond MP, and her staff. We will engage with the newly elected Member for Curtin, Kate Chaney, in due course. Similar contact was kept with Christine Tonkin MLA, State Member for Churchlands. Relationships continued to be built with Mayor, Keri Shannon, other Councillors and staff at the Town of Cambridge as well as with the City of Stirling through Mayor Mark Irwin and Councillor Stephanie Proud. Many activities at the Town of Cambridge that I would normally attend have been suspended due to Covid but there are signs that they may soon resume.

- **Liaison with Schools.** Close contact is maintained between the Rotary Club of Cambridge and schools in the Town of Cambridge and surrounding areas. These schools include City Beach, Kapinara, Floreat Park, Churchlands, West Leederville, Wembley and Lake Monger Primary Schools as well as with Newman College, Hale School and John XXIII College.
- **Pride of Workmanship Awards.** The club gave three “Pride of Workmanship” Awards during the past year: the first to Ross Bolton, the Manager of the Cambridge Bowling Club, the second to Mark Boden, proprietor of Pronto’s Catering which supplies our weekly club breakfast while the third was to George Young, owner of Cappuccino Express, the coffee truck which supplies our breakfast coffee fix at meetings.

Pride of Workmanship Awards to (l. to r.) Mark Bowden (Pronto’s Catering), George Young (Cappuccino Express), Ross Bolton (Cambridge Bowling Club) with Club President Jeremy Wood

- **Assistance to Charities.** This activity continues to be an important part of our programme with assistance being given to the RSL this year.
- **Rotary Foundation.** The club’s members donated \$100 US dollars per member to the Rotary Foundation. This gave a total donation of US\$2200 (AU\$3000). These funds went to the general fund for worldwide projects.
- **East Java Karya Mulia School for deaf children.** This project has been severely impacted by Covid. For a complete report, reference should be made to the International report.

Public Relations

Our Public Relations work is being carried out in accordance with the Strategic Plan. In the past year the following has been done:

- **Social Media.** I am always learning but the Club’s Facebook page now has a considerable following throughout the world. That is not to say we can’t do better. We need to get more

of our members into the habit of “Liking” and “Sharing”. This is how news of the club’s events is spread. I always put at least one “Post” on the page every week. The Facebook page now has nearly 2200 “likes” and 1900 “follows”.

- Roger Veary and I work on the club’s web page continuously if only on an ad-hoc basis. More and more current information being made available there including this Annual Report. The web page is now “live” and no longer static. Liaison with media and the local community has continued throughout the year. Cambridge Rotary is the envy of other clubs with the exposure it gets through the local press and Town of Cambridge outlets.
- Further social media platforms are being considered. What we have is probably enough for me to handle at the moment. I do notice that the use of LinkedIn is increasing.

In due course, when we have a suitable and sufficiently enthusiastic candidate, Facebook and the website could easily be handed on to another “manager”.

Membership Report

In the absence of a specific champion for Membership, I retained overall responsibility for this portfolio although we are all responsible in effect.

Although I think we ought to be able to do better, the club has managed to achieve the following:

- We have retained all our existing members
- We have gained two new members this year in Sue Brown and John Gartlan.

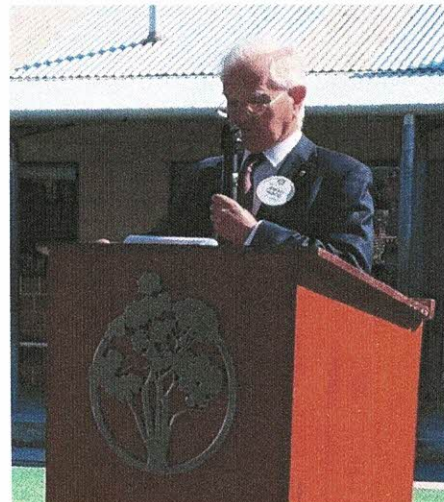

Induction of New Members Sue Brown (left) and John Gartlan (right)

- Our goal has been to build the club to more sustainable levels and to achieve greater diversity and we are definitely not there yet.
- We need to develop new pathways to membership. Although not addressed at our club level, I continue to monitor developments elsewhere and to follow the work of the study groups. The ethnicity aspect has not yet been addressed but our gender balance seems to be moving forward in the right direction, albeit slowly.
- We need to maintain RYE contacts. This is being done to the extent that it is possible.
- Encourage EarlyAct activities. This is being done on a continuous basis.

I am hopeful, as always, that our visibility efforts in the community are starting to bear fruit and that people are starting to realise that ours is an organisation worth belonging to.

Public Image

I am pleased to note that Public Image will be the District's theme in the coming year. Public Image is something I have long been preaching to the District Board. The District and all clubs need to stop "hiding" in comfort in the background and they should not be satisfied to be given the Sausage Sizzle or Parking to organise at large State and City events. Rotary needs to be given a seat at the "top table" on these occasions.

Club President Jeremy Wood at Mount Hawthorn Primary School

After all, an organisation which was a signatory to both the League of Nations and United Nations Charters needs to get its name up in lights and be taken seriously in the community. In terms of the standard club structure, Rotary International has allowed for the inclusion of a Public Image Director on the Board of all clubs. I have volunteered to take on this role in the coming year since it is something I have been doing in any event.

Acknowledgements

I would like to express my personal thanks to all the Board Members and Committee Chairmen for their efforts during the past year and for the support they have given me throughout that period. The composition of the Board, past and present is shown overleaf.

Rotary Cambridge Board Members – 2021 - 2022

I would also like to thank Past District Governor Dee Buckland for her input over the past year as well as that of Assistant Governor Jane O'Leary.

I would like to wish our new District Governor Ineke Oliver a very successful year ahead. Furthermore, Ineke will be the District Governor for the new District 9423 in which both current districts are combined into one and I wish her the best with that.

CLUB ADMINISTRATION & SECRETARY'S REPORT – 2021/22

Once again the Rotary Club of Cambridge had a most enjoyable and fulfilling year. We increased our membership numbers, welcoming John Gartlan who transferred to us from the Balwyn North club in Victoria and Sue Brown who is new to Rotary, taking our total to 24 members

All statutory matters required of me as the Club Secretary have been attended to with submissions being made to Government and the Rotary District.

The minutes of all Board meetings held during the year have been prepared, circulated and signed by the President including the Notice of and Minutes of the Annual General Meeting. The Working with Children Register has been maintained and is up to date as at the time of this report.

The membership registers on the District, Rotary International and RDU websites were kept up to date as required. All data relating to club projects were updated on My Rotary from time to time resulting in the Club meeting its goals and achieving a Presidential Citation for the fourth year running.

In keeping with the Covid protocols of our venue, the Cambridge Bowling Club, a register of all Rotary Cambridge members and their partners as well as guest speakers and visitor guests to our meetings was prepared and maintained. As Club Secretary I personally sighted each person's Digital Covid-19 Certificate.

Once again we held successful Sausage Sizzles at Bunnings and also at the Wembley Downs Junior Cricket Club. Whilst these provided much needed fundraising funds, they also continued to build bridges with the public and spread the Rotary message.

In spite of facing many unanticipated hurdles, Frank Nathan successfully oversaw the running of another joint Rotary Cambridge/St Edmund's fete which at the end of the day exceeded expectations and delivered an excellent result.

Throughout the year, despite the disruption of Covid, speakers of a high calibre informed us, entertained us and made us stop to think. Our Club remained in the public's eye with consistent promotion of upcoming speakers through the *Post Newspaper*.

For the 2022-2023 year Frank Nathan has been elected as President, Rory Beattie is our new Treasurer and Peter Burns will continue as Club Secretary. Jeremy Wood will remain on the Board overseeing the Youth/Vocational portfolio while Libby Larsen will take on the role of Club Administrator.

PETER BURNS

Club Secretary - 2021/2022

CLUB SERVICE REPORT – 2021/2022

Speakers, Vocational Visits, Events & President's Activities

July 2021	
07 07 2021	Dr Katrina Stratton, MLA Nedlands – Local Issues Facing Government
14 07 2021	Rotary Year End Celebratory Dinner, Ambrose Estate

25 05 2022	No Speaker - Covid
26 05 2022	President Jeremy Wood attended the Zone 2d Cluster Meeting
June 2022	
01 06 2022	Ladies' Committee Social Evening at La Casetta
08 06 2022	Dr Martin Drum – The Election Results & Implications Thereof
15 06 2022	Speaker Cancelled – John Gartlan Introduced Himself in a Presentation to the Meeting
22 06 2022	Michael Hammond – Groundwater Rebalancing
29 06 2022	Final Meeting Chaired by Outgoing Club President Jeremy Wood – Club Forum Pride of Workmanship Awards to Ross Bolton, Manager Cambridge Bowling Club, to Mark Boden, CEO Pronto Catering and to George Young, Cappuccino Express

CLUB TREASURER'S REPORT – 2020/21

Introduction

This report outlines the unaudited financial performance of the Rotary Club of Cambridge (RCC) for the 2021/2022 Financial Year.

All accounts, reports and supporting documentation will be submitted to the RCC's nominated auditor during 3rd or 4th week in July 2022 after receipt of the respective bank account statements and account reconciliations.

Net Worth

The net worth of RCC at 30 June 2022 is shown in the attached Balance Sheet. It shows an increase in equity of \$4,981.78 for the period. Issues that have materially affected net worth during this financial year are as follows:

Fund Raising Account

Cash at bank is \$40,723.43 which includes an operating profit of \$3,328.65 for the period mainly due to the following:

- The St Edmund's Church / Rotary Fete was an outstanding success and generated a profit of \$9,771.30 for RCC;
- A solid contribution from the Wembley Districts Junior Cricket BBQs;
- The Surabaya Project was deferred due to Covid-19 and hence there were no expenditure and/or revenue changes from FY 20/21;
- RCC donated \$3,000 to the Rotary Foundation, \$350 to the Rotary Polio Plus project and \$5,258 to the Lake Monger Community Shed;
- Project specific floats have been repaid.

Operating Account

Cash at bank is \$17,884.34 which includes an operating profit of \$1,653.13 mainly due to the following:

- An increased profit in breakfast revenue and from the sergeant's fines;
- An increase in club subscription fees due to a modest increase in membership.

The Term Deposit Account of \$15,000 was terminated during the period with the funds being transferred to the Fund Raising Account.

Physical Assets

- Club assets including computer equipment have been depreciated 20%.

Pre-Payments

- Pre-payments from FY 20/21 have been reconciled;
- A new pre-payment of \$400 (deposit) was made to Ambrose Restaurant for the forthcoming changeover dinner on 6 July 2022.

Liabilities

- Current Fund Raising account liabilities are \$9,992 representing unspent donations from Telethon and Amcor in FY 20/21;
- Current Operating account liabilities are \$3,025 representing Change Over Dinner receipts for the forthcoming changeover dinner on 6 July 2022;
- Operating account liabilities from FY20/21 have been reconciled

BUDGET – FY 21/22

A budget for the forthcoming FY 22/23 has been prepared based on trends from FY 21/22 and input from Club Directors.

The Budget is forecast to break even. Essentially RCC needs to find additional revenue earning projects, in particular as RCC will not be conducting a fund raising fete during FY 22/23.

FINANCIAL TRANSACTIONS

Reports for all transactions are available on request.

MAX PUDDEY

Club Treasurer - 2021/22

FETE REPORT – 2021/22

A combined St Edmund's Anglican Church/Rotary Cambridge fete was held again this Rotary year on Saturday 13th November 2021 in the grounds and hall at St Edmund's Anglican Church in Wembley.

A huge collective effort went into the collection of items for sale and the preparation of the individual stalls for fete day. As a result, we were well rewarded with an outstanding fete and an equally outstanding result. Overall, a net amount of \$19,540.91 was raised by the 11 stalls, morning teas, BBQ, silent auctions and raffles – an increase of 15% on last year. The proceeds were split 50/50 with the Church, resulting in the sum of \$9,770.45 going into Club coffers. Similar to last year, Club members, their wives and families were fully involved, both before the fete and on the day, and we enjoyed a great rapport with the Church parishioners and the large number of people who came to buy. Congratulations to all.

Special acknowledgement to the fete committee who met regularly from early 2021 and put in an extraordinary effort. The Committee comprised Terri Reid (Chairperson), Julie Reid, Peter and Leonie Pearse, Jim Berry, Libby Larsen, David James and Frank and Eileen Nathan. President Jeremy was also a regular attendee at the meetings.

A terrific event, exemplifying Rotary in the community.

FRANK NATHAN
Fete Convenor - 2021

INTERNATIONAL SERVICE COMMITTEE REPORT – 2021/22

The Rotary East Java Hearing Project is undertaken in conjunction with Rotary Clubs of Mount Lawley and Surabaya, Indonesia. The joint committee comprises Graham McHarrie, Don Holywell, Glenn Davies and Simon Tomlinson (a teacher with Telethon Speech and Hearing Inc who participated in the visit to Karya Mulia in 2019). Our Surabaya contact is Rotarian PP Guy Setiadi.

The current program with Karya Mulia School for the Deaf, in Surabaya, was established as an annual exchange of teachers for the purpose of assisting their training and development. We collaborate with the Department of Education School of Special Educational Needs: Sensory and Telethon Speech and Hearing Inc.

Unfortunately, the project continues to be suspended, due to the COVID-19 pandemic, however we have maintained our contact with Rotary Club of Surabaya and Karya Mulia School and have agreed the following:

- The program for training Karya Mulia teachers will continue, when it is safe to travel, however we will only send WA Teachers to Surabaya. We will not continue the reciprocal visits by Surabaya Teachers to Perth. This will simplify the program and is expected to be more effective.
- We will endeavour to source video educational material for the school, through the resources of Telethon Speech and Hearing and relevant Australian universities.
- We support a request to fund some minor renovation work at the school, relating to the Toys rooms and the Audiology and Speech Therapy rooms. The cost is yet to be confirmed.

Our Club is currently holding unspent funds donated by Telethon Speech & Hearing (\$5,000) and Amcor Indonesia (\$5,000).

GRAHAM McHARRIE
International Service - 2021/22

YOUTH COMMITTEE REPORT – 2021/22

Despite some events continuing to be affected by COVID we enjoyed another busy year with Youth programmes.

The Junior 4-Way Speaking Competition (Years 5/6)

School Principals & Speech Teachers

As in previous years the standard of speaking was excellent and the large audience was thoroughly impressed. Unfortunately, there was no District final this year owing to an absence of sufficient Clubs participating, due to COVID. Nevertheless, we enjoyed a great competition and both Cassie and Oliver would have been worthy finalists.

Driver Education (RWADE)

Held again this year in December 2021 at Claremont Showgrounds, with 180 Year 11 students from John XXIII College attending. Nine teachers and seven Cambridge Rotarians supervised the six groups of students who attended six separate half hour driver training sessions over the course of the day. Lunch was provided free of charge by the Rapid Response Team. A most worthwhile programme with John XXIII booked again for November this year.

Santos Science Experience

The Club sponsored Year 9 students Jordan Smith and Charlotte Laurent, both from Newman College. Jordan attended a 3-day course at Murdoch University in December 2021 and Charlotte a 4-day course at Edith Cowan University in January 2022. Due to the school's COVID protocols neither student was able to present to the Club personally, but both provided video presentations and, from these, it was obvious how much they enjoyed and benefitted from the experience.

National Youth Science Forum

The Club agreed to sponsor Olivia Dixon, a year 11 student from Newman College, after she won selection to attend the Forum. Unfortunately, Olivia withdrew for personal reasons.

Rotary Youth Exchange

Due to COVID, overseas youth exchange has been suspended for the past 2 years. However, Rotary International has recently formulated a short term 12-week reciprocal exchange programme directly between families. Suzanne Dessein from Licques, a town about 20kms south of Calais in Northern France, will arrive on 13th July. Suzanne is a 16 year old and will stay with the Veerman family in City Beach, attending Churchlands Senior High School. Eva Veerman, also 16, will visit Licques later this year and stay with the Dessein family there. The District administers all arrangements and Cambridge will act as the host club. Interestingly, Suzanne will be the first overseas youth exchange student in the world since the lifting of the suspension from 1st July 2022.
