NEWS ABOUT OUR CLUB MEETINGS, ROTARY GENERALLY, & OUR WORLD

Items that were discussed at to-day's Club Forum included the following:

- Possible future joint project with Surabaya Club to be explored by the Surabaya Party.
- Administration matters – discussion produced nothing of note other than a possible new Square terminal linked directly to the internet
- Suggestion that the role of the Rotary Foundation as well as club projects should be aired at meetings when we have a significant attendance by outsiders.
- Possibility of Rotary Club participation in the Shed's Open Day was endorsed. Sale of plants and cakes was discussed. President Max will arrange with the Shed committee.
- Proposed to invite the responsible minister to attend RWADE in November. Peter Wagner will write a letter of invitation.
- Proposed to arrange a project to link older people with the Art Classes at City Beach Primary School through Sue Girak. This would be part of an inter-generational education programme.
- Transportation of surplus shed equipment from the metro area to regional sheds especially in the Pilbara region. This was left for further discussion.
