Vocational Visit to the Istana Heritage Gallery

By: Rtn Joseph Chia

A group of Rotarians led by Director Sonali visited the Istana Heritage Gallery on 18 June 2022. The Gallery shows the history of the transition from the Colonial Governor's House to today's Istana. It displays state artifacts and gifts by foreign dignitaries to Singapore. It was an awesome visit. We learnt a lot of Singapore history during the visit.

Here is the feedback from our new member, Rtn Lionel Otsuka:

"I didn't take many photos as I was captivated by the enriching activity. I believe that such outings helped me have a better appreciation of the history of Singapore. It's been very enlightening. Would love more of such visits!"

He was elected President in the Year 1975-1976. He introduced me to Rotary in 1975 and was my mentor for many years. A pillar & senior statesman of our Club of that there is no doubt. And not only in the Club but in the Rotary District and overseas.

A sincere & respected Rotarian who was admired for these qualities exemplifying the "4-Way Test". In his year in office, 1975-1976, in my estimate he was one of our most dedicated Presidents devoting his full energies to this task. He attended all Rotary weekly meetings, Board meetings, ALL four Committee meetings and nearly all other Rotary activities in Singapore and the District. Now if you are a busy man, with an active vocation, you will know how difficult this goal can be. For many years he also had a 100% attendance record in the Club!

In fact he was given the onerous task of 'reminding' us Members if our attendance fell short of the minimum required.

He supported many Rotary projects both locally and internationally through the International Service Committee (ISC) very generously. In his position in the community, BH introduced many good men into the Club as members. For many years his advice was sought by our seniors in selecting good members to posts, even as Presidents, and also in choosing appropriate projects for the Club to support.

Like his love for golf, 3 times a week for years, he only slowed down over the last 5 years or so. Really dedicated for a man of 99 years of age.

We shall miss his genuine friendship, dedication to the ideals of Rotary, and his genuine knowledge of the ways of the world. We will miss him but know that he has gone to a better place to join his lifelong partner, Laj, and many of his golfing and Rotary friends.

In Loving Memory of Honorary Member (HM) Past President (PP) Bhagwan "B H" Melwani

By: Honorary Member Rtn Rewa Mirpuri

BH, as lovingly known by his friends and associates, was surrounded by his great values and qualities in all his activities and actions in his life.

Having known HM PP Bhagwan Melwani for more than 50 years and having played Golf with him practically every morning for more than 30 years, I found him to be a Great Family member, a Great Rotarian, a Great Social Worker,

a Great Sportsman, and a Great friend.

He was a great head of the family and was loved by them immensely for his cheerful, affectionate, and warm nature, love, and advice. With his live actions and activities in his life he imparted good values to them.

During his service of 68 years of his life in Rotary, and serving as President in 1975/1976, he fulfilled his duties sincerely and diligently. He was a great mentor, helpful in all charitable projects and earned the reputation of being bestowed the status of Honorary Member of Rotary Club of Singapore.

Truly a great friend of many. He introduced me to Rotary and was instrumental in the promotion of our Club's Books of Humour with many new marketing ideas and help in the sales of

and the lives of many who needed his help.

HM PP Bhagwan Melwani was indeed a God's good man serving more than 75% of his life in good work and activities. He has left behind the fragrance of his noble life.

Blessed be his memory.

A Tribute to Immediate Past President (IPP) Dinesh Sharma

At the Prayer Service on 20th June 2022

By Rtn Suresh Keerthi

"Dear Rekha-ji friends and family we are here to celebrate a good man Dinesh Sharma whom I have known for decades.

His sudden demise has turned the emotions of his family and friends upside down.

IPP Dinesh Sharma 1949 - 2022

He was a good family man with a lot of respect and love for Rekha-ji his family, children and grandchildren and cared a lot for his extended family. He never took any personal decision without involving Rekha-ji's consent. A disciplined and religious person, and he always felt as a beacon and pillar of the family and other groups.

As a human being, he was a soft spoken, kind person, always smiling positive. He led a simple life, was empathetic and cared about all around him.

Like many of us, Dinesh and I left home decades ago and settled in Singapore as our home. It was more than friendship that we built here. We built our family togetherness and brotherhood to support each other during good and difficult times.

Although a successful, very calm and composed, hardworking entrepreneur, he was a humble person and a great leader. He loved to listen and learn yet decided on what can get him to achieve his goal.

As an entrepreneur and a businessman, he loved his people, always encouraged, mentored, and motivated young people. He not only collaborated with them but empowered them to perform and reach their goals. He celebrated their success and gave credit where it was due.

I remember he always delegated and gave credit to Rekha-ji as his Human Resources head for choosing the right people who served his organisation to date. Recently she recruited for Rotary, none other than Linda Lim.

Last year, our Hon. Secretary Brigitte Holtschneider and I, as Vice President, worked so closely with him in Rotary when he was President. He was very efficient and decisive, had list of jobs to accomplish and did so. A great leader who took his people with him to achieve his goal.

Besides the family, I presume I was the last person he spoke to. On Sunday the 12th he called me at 5 pm and I told him I was driving. Then he said would speak later.

At 9 pm he called and spoke an hour about what he planned to do during retirement (asked how I adjusted to retirement). He said he might move back to Dehra Dun, India, mentor young start-ups and SMEs on their entrepreneurial journey and create a foundation. I asked him what type of foundation -whether for women, children, or education. He told me he will check the next day with Rekhaji. He suggested we meet following Saturday at Tanglin for lunch and discuss more in detail, but little did he know that God had scheduled his journey for a meeting, far away from all of us.

I remember a quote which says, "We all love life since it is full of Hopes, but Reality is still Death".

We will always remember him and will remain in our hearts and be present among us.

He was a good man and May his soul Rest in Peace, Om Shanti.

TRIBUTES TO THE LATE IPP DINESH SHARMA

There was an outpouring of tributes to IPP Dinesh, starting with President Louis who stated that if not for IPP Dinesh's kind demeanour, calmness, and patience, he would not have taken the position of President. He gave great comfort and support throughout his term, citing examples of his help and he owed a debt of gratitude to him. President Louis recounted receiving the devastating news of the sudden passing away of IPP Dinesh. He noted IPP Dinesh's enthusiasm as Chair of the MC&D Committee in processing the many candidates who joined the Club. In his memory, President Louis called on members to join him in a toast to IPP Dinesh.

President Louis invited members to come forward to say a few words:

PP Stan Low noted that IPP Dinesh was such a good reader of people and gave the example of the hiring of the Secretariat staff and several candidates were arranged. He added that IPP Dinesh was astute and hired our own Linda Lim, this was a reflection of his skill and foresight.

PP Paliath "Mohan" Mohandas recalled working with IPP Dinesh for one year and half, and he was so dedicated and clear minded as we worked on the Club's Constitution and By-Laws and was planning to continue with updating the SOPs. PP Mohan noted IPP Dinesh's legacies particularly with The Entrepreneur of the Year Award (EYA) when he was Co-Chair of EYA about 19 years ago, he negotiated with ASME, and a MOU agreement was signed that the Club would be fully involved but not responsible for the finance of the Award and there were so many other legacies.

The Four-Way Test

Of the things we think, say or do:

- Is it the truth?
- Is it fair to all concerned?
- Will it build goodwill and better friendship?
- Will it be beneficial to all concerned?

The Guide to Daily Living

Before doing the things we want to do, consider first, the Precepts of the guide. Ask ourselves these 4 questions and act upon them:

First: Have I spent some time in self-examination?

Second: Have I spent quality time with my family?

Third: Have I given my best to my work?

Fourth: Have I given some time to someone near and far?

The Guide, in fact, encompasses the 4 parts of the Object of Rotary.
