# District 3310 – 35<sup>th</sup> PETS & DTA

(By Dir Linda Lin & Rtn VJ Africa)

The 35<sup>th</sup> PETS and DTA training for District 3310 was held over 3 days from 24<sup>th</sup> to 26<sup>th</sup> April 2025 in Johor Bahru. The event saw strong participation by members of the Rotary Club of Singapore. Members of the club gathered for a time of training, knowledge sharing and fellowship with all the clubs in the District.

Friday’s Welcome Dinner proved to be the appropriate way to kick the weekend festivities off with a “Night Light” themed evening of fun. The Governor’s Banquet the following night was the highlight of the weekend, with everyone formally dressing up to the occasion. The District witnessed the Governorship being passed on from our very own DG Dr Yap Lip Kee to also our very own DGE Dr Shahul Hameed in a truly moving ceremony. And of course, every evening was capped with a House of Friendship gathering filled with more food, more fun, and non-stop music.

# My Learnings from PETS 2025

**By Sonali Sinha, President-Elect, Rotary Club of Singapore**

(Compiled by Rtn Divika Jethmal)

Attending PETS 2025 was a truly energising and thought-provoking experience. It gave me not just clarity, but deep inspiration for the year ahead. Here are the key reflections I carry into my presidential year:

## 1. A Simple but Powerful Equation

The session by Past Rotary International President **Shekhar Mehta** stood out. He gave us a simple but powerful equation: *"What we spend on ourselves in Rotary, we must give more than that to our projects."*

He invited us to reflect on our personal balance sheets: what we've received on one side, and what we're giving back on the other. His stories reminded us that 'Service Above Self' is a mindset, not a slogan. I find myself sharing this message often with fellow Rotarians who couldn't attend.

## 2. Clear Vision and Direction with the Triple Three Guide

**DGE Dr Shahul Hameed** outlined a compelling Triple Three framework:

**3 Tools:** Awareness, Knowledge, Action

**3 Objectives:** Strengthen Clubs, Create Lasting Change, Uplift our Foundation

**3 Pillars:** Innovation, Continuity, Partnership

His core message was that impact is not activity. True Rotary work is measured by **lasting change**, not the number of events. That message reframed how I think about project success. He also encouraged each club to hold at least one *Club Learning Day* and one *Club Membership Day* during the year to build capability and strengthen engagement.

## 3. Creating Lasting Impact

I'm proud that our club is already acting on this principle through our 2025-2026 major project: a community-based dialysis centre with 20 machines, supported by early testing, outreach, and awareness. It doesn't just treat; it prevents and transforms lives.

This year, I will encourage all Service Committee Chairs to focus on projects that create sustainable outcomes and use the **Theory of Change** to design and evaluate them.

*We must ask ourselves, "What will be different because we did this?"*

President-Elect Sonali on how to evaluate our projects

## 4. Telling our Story Better

If we want to grow the Rotary movement, we need to share not just numbers but stories that show the change we create. Impact shared is impact multiplied.

It was also wonderful to meet President-Elects from across the district and feel the Rotary connection come alive.

I was especially heartened to see almost our entire incoming Board present at the DTA that followed PETS – united and ready to serve.

# Knowledge and Purpose at the Forefront

## Insights from District Governor-Elect Dr Shahul Hameed, RI District 3310

(Compiled by Rtn Divika Jethmal)

Fresh from the District Training Assembly and PETS, we speak with District Governor-Elect Dr Shahul Hameed about his upcoming term and how he hopes to shape a purposeful and impactful year ahead. Dr Shahul reflects on what matters most in leadership and shares his perspectives on how to apply the Triple Three Guide.

### **What leadership insights from the District Training Assembly or PETS do you believe will have the most transformative impact on the club's effectiveness this year?**

Strength begins with knowledge. A club is only as effective as its leaders and its members. Efforts are in place to ensure that members and club leaders continue to deepen their understanding of what Rotary stands for, and its mission and vision.

When this knowledge is shared, clubs are better equipped to plan their own projects and serve their communities in line with the overall goals and objectives of Rotary.

**What was the most valuable insight you gained during these conferences that you believe will transform your approach to leadership in Rotary?**

A clear roadmap from both district and international leaders is one of the most valuable takeaways.

This roadmap needs to be effectively communicated to all leaders at the club level. Once the message is clear, the directions for achieving Rotary's objectives become easier to follow and implement. We can ensure that everyone is aligned and working towards the same goals.

**What anecdote or message from these events do you find yourself repeatedly sharing with other Rotarians who couldn't attend?**

The District's Triple Three Guide! Enhancing knowledge of, and applying the guide in all the work we plan and do.

*The 3 tools, 3 pillars, and 3 objectives provide a structured framework:*

*It starts with Awareness, Knowledge, and Action.*

*This is combined with Innovation, Continuity, and Partnerships.*

*These are crucial to Strengthen our clubs, Create lasting change, and Uplift the Rotary Foundation.*

Dr Shahul Hameed on the Triple Three Guide

**What specific, measurable outcomes do you expect your club to achieve in the next 12 months that you can directly attribute to insights gained during these training events?**

We aim to strengthen weaker clubs and make strong clubs stronger.

One key priority is to grow membership in clubs that need it most, allowing them to better serve their communities.

We also plan to engage in structured Global Grants, which offer a robust framework for project assessment, planning, execution, monitoring, stewardship, and long-term positive change.

**And last but not least, of the Triple Three, what is the most important point for a Rotarian to take back and elevate their experience in the club?**

All of it at once. The 3 tools, 3 pillars, and 3 objectives. They are simple to understand, easy to implement, and should be the foundation for how clubs plan for the year ahead.

# 4<sup>th</sup> Club Assembly

(By Dir Linda Lin)

The 4<sup>th</sup> Club Assembly was held on 10<sup>th</sup> May 2025. President Tom gave an overview of the club's activities for the past 10 months up to April 2025 :

- Major Project was successfully launched with the grand opening of Rotary Teen Challenge Stadium on 19 April.
- Major events was PETS & DTA Training from 24-26 April
- Events organised by the club were many ranging from RIPE Mario's visit (13 Jan), CNY celebration (5 Feb), WUPD & Rotary's 120th Birthday, Kolkatta trip (20-23 Mar), Hari Raya celebration (9 Apr)
- The club inducted many new members
- Attendance at club meetings improved with Average Attendance of 66.88 (members alone was 48.75) for 10 months up to April 2025

Board members holding key positions updated members of the club on the achievements for the year.

Director Ankit Khandelwal, Treasurer gave an update on the finances of the club followed by Director Keizo Fujitake of The Rotary Foundation.

The directors of the 5 service committees each gave a summary of the achievements for the year. Public Image and PR director also shared on the role PR plays in the club. This was followed by an update by IPP Dr Chan on the project carried out in year 2023/2024.

## 1) Community Service Committee

Director Rajkumar updated on the projects organised by the CSC. There were at least 10 projects carried out by CSC. Notable projects were Deepavali celebration with residents of Sree Narayana Nursing Home and Christmas celebration with residents of St Luke's Nursing Home amongst

many others. These projects saw strong participation by Rotarians who turned up in full force to celebrate with the residents. The many projects brought positive impact to around 1,500 beneficiaries.

VSC-YSC NeuGen  
Sponsored Tuition Project

- \$25k to sponsor the tuition of 10 primary school students who are children of ex-offenders under NeuGen’s sponsored tuition program.
- Fund-raising campaign target of \$18k was met on 25 February 2025. (Used NeuGen online donation platform, project name “RCS Uplift”)
- NeuGen received 40% matching approval from Tote Board.
- IshK Tolaram Foundation has approved USD5k grant to VSC for this project.
- Currently discussing with NeuGen how the funds will be utilised for the program.
- Thank you all Rotarians for their generous support to this very impactful project!

- ii) **ISCOS SASS Global Grant** - Rtn Vineet and PP Tapan applied for a global grant USD 36,972 (SGD50,650) to support the next cycle of this project i.e. support ex-offenders in obtaining their driver’s licence (Class 3-5). The grant has been approved and is milestone achievement for the club. Rtn Vineet shared the 2 criteria for successfully winning the global grant:

- The project must show Rotary involvement beyond just funding.
- The project must engage the end beneficiary and have an understanding of the problem from their perspective, ie a community assessment must be done.

3) International Service Committee

Public Image and PR

Director Linda Lin shared what the PR team has done for the year :

What is the role of PR

- 1) No Projects
- 2) Is communication important ?
  - i) **External Stakeholders**
    - showcase work done by club
    - Inspire people to come forward to provide support
  - ii) **Internal Stakeholders**
    - update of information
    - foster identity and bonding
    - Archival of information / preservation of memories of the club

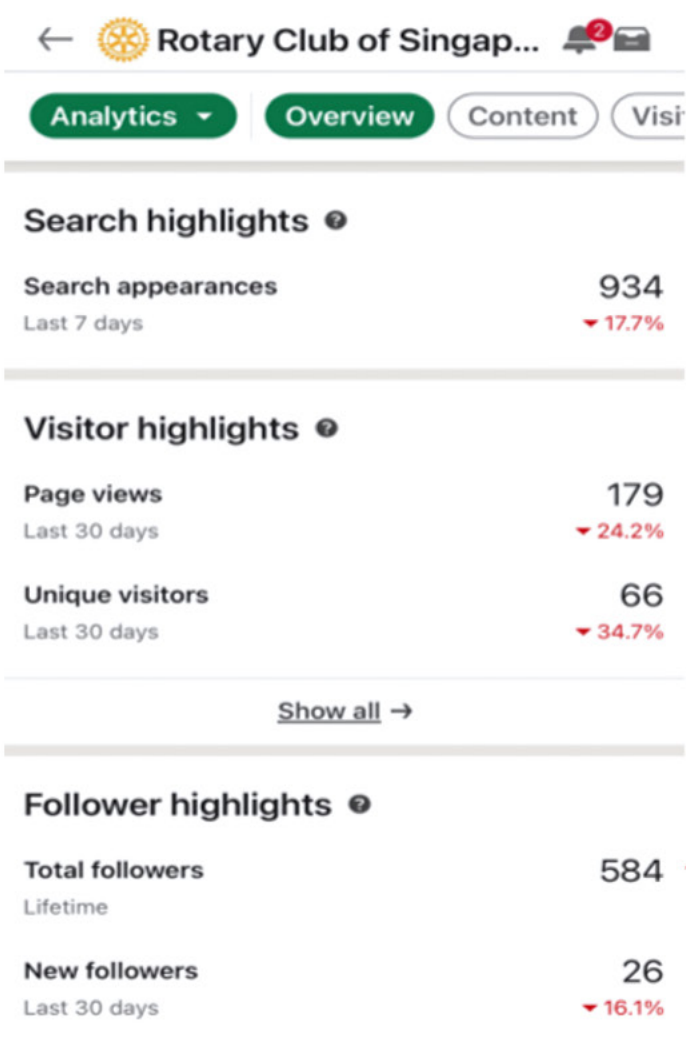

⇒ view of the above, a team was formed.

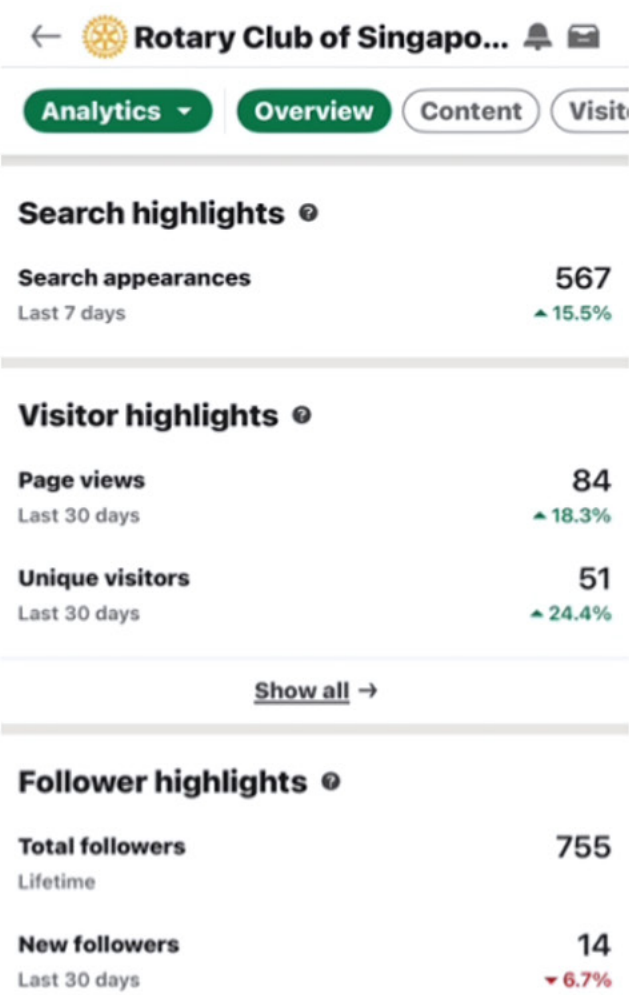

The followers on the club’s social media has increased substantially. The PR team diligently extracted projects by the 5 service committees and published them in Crossroads bulletin to ensure that they reach the wider audience and to preserve the memories of the club.

Food from the Heart

On January 18<sup>th</sup>, 2025, our Rotarians gathered at Block 11, North Bridge Road, to distribute pre-packaged PPT food packs to 38 households from 9:30 AM to 11:30 AM. The event was a heartwarming display of solidarity, as volunteers worked together to ensure that families had access to essential food supplies.

VSC visit to RSAF

On February 10<sup>th</sup>, Singapore's Defence Operations Day, the Rotary Club of Singapore commenced its first educational visit of 2025, headed by the Deputy President, with an exclusive and enlightening tour of the Republic of Singapore Air Force. This rare and privileged visit provided members with a deeper appreciation of Singapore's defence operations and the tireless efforts behind maintaining national security. The visit featured several key highlights:

- A guided tour of the hangar, where members witnessed an impressive showcase of advanced fighter and transport aircraft.
- A close-up look at the F-35B and F-35C, two of Singapore's most advanced fighter jets.
- An exclusive visit to the cockpit of a brand-new aircraft, offering a rare perspective on modern operations.
- A captivating demonstration of a dismountable and reusable container, showcasing the latest in operational versatility.
- A detailed briefing on airbase operations by an Air Commando, providing valuable insights into the complex coordination required for national security.
- A thrilling military dog demonstration, showcasing the impressive skills and discipline of these highly trained K-9 units.

The visit was more than just a casual sightseeing trip—it was an educational and inspiring experience that highlighted the dedication, precision, and excellence of the Singapore Armed Forces.

As the organizers, we extend our heartfelt thanks to the Royal Air Force for their warm hospitality and meticulous arrangements, as well as to all members who participated. We look forward to an engaging and educational year ahead for the Rotary Club of Singapore.

# Joint Meeting by CSC, VSC, YSC

(By Dir Linda Lin with contribution from Rtn Eva Lee)

**Vocational Service Committee (VSC)**

The 10<sup>th</sup> Vocational Service Committee (VSC) meeting was held on Thursday, 8 May 2025, as a joint gathering with the Community Service Committee (CSC) and Youth Service Committee (YSC). Hosted by RCS President Tom Wolf at 26 Maryland Drive, the event ran from 6:30 PM to 9:30 PM.

The evening began with a dinner followed by a presentation by guest speaker Angela Tan, Executive Director of ART:DIS. Angela shared insights into ART:DIS’s mission to empower persons with disabilities through the arts, highlighting mentorship and professional development programs. She also explored potential areas of collaboration with VSC.

## ABOUT ART:DIS

ART:DIS a non-profit organisation (formerly known as Very Special Arts) was established in 1993 by Ambassador-at-large Professor Tommy Koh.

We are the peak Arts & Disability organisation in Singapore that champions the learning and livelihood opportunities for persons with disabilities (PwDs) in and through the arts.

Through our 3 centres and partnership programmes, we provide community arts programmes to enable over 800 PwDs to develop their artistic interests, grow their self-confidence and engage them as active members of a supported community, outside of and beyond formal education.

Our parallel professional development pathways further supports artistic excellence and provide platforms to showcase professional disabled artists in Singapore.

The top image shows four people standing behind a table with the ART:DIS logo. The bottom image shows two people in wheelchairs on a stage, one of whom is playing a piano.

Subsequently, committee updates were presented. The VSC update highlighted key initiatives including the successful completion of the NeuGen Sponsored Tuition Project, which raised \$25,000 (with 40% Tote Board matching) to support 10 children of ex-offenders with tuition. Discussions are underway with NeuGen to begin fund disbursement.

Another major project, the ISCOS SASS Global Grant led by Rtn Vineet Iyengar, aims to assist ex-offenders in acquiring driving licenses. The required bank account has been set up. The grant application of USD 36,972 has finally been approved.

Seeking approval of Global Grant for the local project was not easy and Rtn Vineet stressed the 2 key criteria which was important for the project to obtain approval:

- i) The project must show Rotary involvement beyond just funding
- ii) The project must engage end beneficiaries and understand the problems from their perspectives, ie community assessment

Additional updates included the Artisan of the Year 2025 project. Rtn Hulya shared that 6 candidates are currently under evaluation. All 6 candidates are very talented in their own fields. The advisor for the selection process is Lynette Pang from National Arts Council.

The final VSC meeting for the year is scheduled for 12 June 2025, hosted by IPP Dr Chan Siew Luen as an informal appreciation gathering.

Youth Service Committee (CSC)

Director Weilong went through what YSC did the whole year to support the Interact and Rotaract Clubs under their charge.

YSC attended the installations of the boards of the various Interact clubs. YSC held the Interact Leadership Training Camp at the start of the year to prepare the new batch of students leaders in their journey. Throughout the year, YSC also provided guidance on the projects proposed by the Interact clubs and helped them succeed in the projects. The Interactors have also participated actively in some of the projects organised by RCS, for eg Food From The Heart where the students turned up every month to help deliver food packages to households.

Interact Coordinating Committee (ICC)

- Role of ICC
- Promote collaboration among Interact Clubs
  - Encourage Interactors' participation in RCS events & projects
- Major Project: Inaugural International Interact Challenge
- Enables Interact Clubs from different countries to learn from each other
  - Provides opportunity to compete for project funding
  - Fosters innovation and global exposure
- 1st Prize of S\$1,000: Interact Club of National Junior College
- 2nd Prize of S\$500: Interact Club of Yayasan Sarawak International
- 3rd Prize of S\$300: Interact Club of Punggol Secondary School
- Rallying Interactors to participate with RCS
- Food from the Heart, Kopi with Seniors at Society for the Aged Sick, Gardens by the Bay with St. Luke's Eldercare, WUPD and more!

Interact Leadership Training Camp 2025

- ILTC 2025
- Dates: 26 & 27 July 2025 (Sat & Sun, full-day event)
- Venue: Hillview CC (same venue as ILTC 2024)
- GOH: DG Dr Shahul
- Secured previous trainer Matt
- Firmed up ILTC Committee including 6 Rotaractor volunteers, kick-off this weekend
- Book your calendars & support!

# Chess on Sea

**(By Deepa Navaneeth)**

The RCS Chess Interest Group held its 6<sup>th</sup> session on May 10<sup>th</sup>, aboard the Sea Wolf Yacht docked at Sentosa Cove. This quarterly gathering brought together around 30 members, including a few members from the Tanglin Chess Club for an unforgettable afternoon.

Singapore's National player Tanvi graced the event, engaging in friendly matches with both RCS members and children, creating an inspiring and interactive atmosphere. As the yacht sailed into open waters for a short cruise, we enjoyed not only the game of chess but also a wonderful opportunity to network, relax, and connect.

A heartfelt thank you to our President Tom Wolf for hosting us and making this unique experience possible "Chess on the sea", with great company and stunning views!

# Rotary Learning Day

(By Dir Linda Lin)

The Rotary Learning Day was held on 10 May 2025. The training which was targeted at new members and prospects, was also open to all members of the club.

The session which was held in the morning of 10 May 2025, was successful and met key objectives :

- To discover what Rotary is all about
- Fellowship and how to make a difference
- Sharing session on what brought members to Rotary
- Rotary Basics: Values, Vision & The Four-Way Test
- Learn how Rotary Action Plan inspires local service—and how members can contribute.
- The history and journey of The Rotary Club of Singapore
- How to get involved through the Service Committees

The takeaway for members was that Rotary is more than a membership—it's a movement. The session is the gateway to understanding the club's mission, connecting with others, and finding a unique way to serve with purpose.
