

Schools on the Sunshine Coast are an important source of encouragement for students to enter the

**Sunshine Coast Rotary
Children's Photographic Competition.**

The support of principals, deputy heads, heads of visual art and all teachers will be important to make the competition a success. Prizes and sponsorships have been ramped up, all that is now needed is lots of entries from very talented students encouraged by their educators.

There are over 80 schools on the Sunshine Coast. Was your school represented in 2019? If not, this is a great opportunity for pupils to get involved in the arts and hone their photographic skills - with the incentive for monetary prizes, as well as tuition from one of the Sunshine Coast's most experienced professionals.

Please encourage your students to enter.
