

## **The Future...**

The Caloundra Men's Shed will continue to provide facilities for its growing membership and ensure that equipment is maintained or replaced as required. The members' health and safety will remain at the forefront of our consideration. We depend on the community's continuing support and are engaged with both government and community representatives to pursue this important goal.

We are always seeking new members so if you are interested drop in or phone our President:  
Phil Ashby - 0411 038 901

## WELCOME TO THE 'CALOUNDRA MEN'S SHED INC.'

As a member of the Caloundra Men's Shed you can engage in a wide range of activities that are creative, challenging and can provide value to our local community, all in a safe environment. As we work together, we enjoy the mateship and support of our fellow men typically, while working on personal projects or community support projects.

Sometimes we just solve the world's issues while chatting over a cup of tea or coffee in the sun in our wonderful bush setting.

### WHO WE ARE

Caloundra's Men's Shed is a non-profit, non-commercial community organisation providing a safe and friendly meeting place for men to work on projects in the company of other men. We are fully incorporated and affiliated with the Australian and Queensland Chapters of the Men's Shed Association.

We are located at the Corner of Allen and Queen Streets at Caloundra on a wonderful bush parkland site generously provided by Sunshine Coast Regional Council.

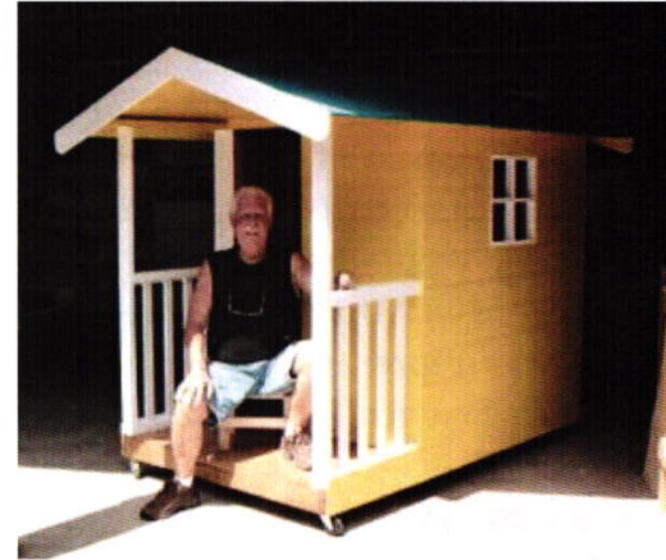

Our 70+ members meet, socialise and undertake meaningful projects, at their own pace and in their own time with the advantage of guided supervision.

A major objective of the Men's Shed is to advance the health, wellbeing and social inclusion of all members through interest based activities. We do this by welcoming men to meet and work on projects that are first and foremost personally satisfying and, in many cases, making an important contribution to the wider community.

In the past two years the Caloundra Men's Shed have been able to complete a number of community based projects by using the skills of our qualified members.

To date, we have built a new shed for the Salvation Army, carried out maintenance work at the Lighthouse and installed playground equipment at various Child Care Centres.

A real highlight for our men was to build a Cubby House for the children at STEMM (Supporting Teenagers with Education, Mothering and Mentoring) at Burnside State High School.

The Caloundra Men's Shed is simply: 'Men, building community in a shed.'

Other than that, we make, create, repair and do many other things.
