## 2026 Official Tournament Rules

1. This is a catch and release tournament. Anglers and guides must follow all park and sanctuary rules as you enjoy the unique and special resources of Florida Bay and the Florida Keys. These rules include:
  - Powerboat operators within marine waters of the Everglades National Park must complete the mandatory boater education program and documentation of course completion must be carried by powerboat operator.
  - Entrance fees to Everglades National Park apply. All boaters are responsible for either paying the entrance fee for the day or hold an appropriate park or Federal Lands pass.
  - All participants must adhere to the "Leave No Trace" principles.
2. Eligible species are Redfish, Snook, and Trout. Only the largest fish of each species caught by an angler will be considered for an award.
3. IGFA International Angling Rules must be followed and can be downloaded from [www.igfa.org](http://www.igfa.org). Additionally, the angler must cast, hook, fight, and land or boat the fish without the aid of any person unless leadering or netting is necessary. The maximum line test is 20 lb. unless fly fishing. Any type of leader is permitted.
4. Lines-in will immediately follow the end of Captain/Angler meeting on Friday, September 25. Fishing is permitted day and night.
5. Anglers must leave from and fish anywhere within Monroe County where fishing is legally permitted.
6. Anglers competing in the Adult Artificial Subdivision must be fishing on a boat exclusively using artificial lures unless otherwise approved by the committee and:
  - must have been caught using an artificial lure cast by the angler using a fly or spinning rod and retrieved by the angler's manipulation of the tackle;
  - must not have been caught while chumming or trolling by boat;
  - and must not use a lure "sweetened" by the addition of any natural bait, dead or alive.
7. Fishing results must be turned in by 4pm on Sunday, September 27.
8. In the event of a tie, the winner will be determined by earliest recorded catch time.
9. Decisions by the Tournament Committee will be final.
