

The Rotary Club of Hampton Roads Informer

Rotarian of the Week: **Don Frederick** -

Don was born and raised in Punxsutawney, Pa., the home of the "Phil" the famous weather forecasting Groundhog. His twin brother, Ron, and him were the oldest of five boys and one girl born in a working class family. He went to work in his uncle's garage at age fourteen where he spent most of his spare time until he graduated from college at Indiana University of PA. Don also worked construction and drove an ambulance for the university to pay his way through school. He went to work running the data center of a small bank in DuBois, PA several months after graduation and shortly thereafter moved on to a controller position with a coal mining subsidiary of Zapata Corporation.

Don married Linda, had two daughters, and built their own house when the bottom fell out of the coal business. They relocated to Fairfax County in 1986 where Don took a position with Carr Homes as Director of Accounting and Information Systems. They lived comfortably in Burke, Va. and were very active in their girl's schools, sports, and church activities. The Fredericks had vacationed at Virginia Beach for many years and in 1994 jumped when offered the opportunity to join L.M. Sandler's land development and home building companies. Don and his family have resided in Croatan ever since. Don joined The Runnymede Corporation in 1999 as VP of Finance.

The Four Way Test: Is it the truth?

- Is it fair to all concerned?
- Will it build goodwill and better friendships?
- Will it be beneficial to all concerned?
