

# The Rotary Club of Hampton Roads Informer

**July 10, 2020**

*July starts the new Rotary Year*

David Rosenthal was born and raised in Akron, Ohio, the Rubber Capital of the World and home to the All-American Soapbox Derby. He is the oldest of three, with two younger sisters. He graduated from Harvey S. Firestone High School and received his Bachelors of Science degree from the University of Akron. David moved to Danbury, Connecticut where he received a Master of Arts Degree in Limnology and Oceanography from Western Connecticut State University. While attending graduate school he married Lisa, also from the Akron area. Following graduate school David worked for the City of New York on their drinking water system in upstate New York, during which his son Joshua was born. At the end of 1990 David and his family moved to Virginia Beach so that he could work with the City of Norfolk as the Reservoir Manager and help protect and manage the diverse system of reservoirs owned by the City, now serving almost one million customers.

Professionally David has served on the Board of Directors and is a Past President of the Virginia Lakes and Watersheds Association. He also served twice on the Board of Directors for the North American Lake Management Society and is a Certified Lake Manager.

David's son Joshua and his wife live in New York City where he works for the NYPD as a Forensic Chemist and has embraced the Big City lifestyle.

David is currently servicing his second term as President of our Club.

Your Vocational Services and Membership Committee are working on a new Membership Directory. You will receive an email with your 'current' information asking for you to update it. Please send back your current information as quickly as possible.

## The Four Way Test: Is it the truth?

Is it fair to all concerned?  
Will it build goodwill and better friendships?  
Will it be beneficial to all concerned?
