Rotary Club of Sawtell

Sawtell Sun

Club News

Peter welcomed members and sent best wishes to Denis Gleeson suffering with a disc in his back and Ray Baldwin who has the flu.

This week Peter provided a letter of support for the Tennis Club who are applying for a grant to upgrade the car park.

Alison has a meeting with the Golf Club this week to discuss defibrillators. It was agreed that Roslyn will put together a district grant application for this project. Steve noted that the club has previously provided a defibrillator to St. John's.

Steve is investigating booking the Boambee Hall for our Christmas celebration on Sunday 13 December.

In personal news, Ray Clayton shared his disastrous cleaning efforts which led to the break-

ing of one of his Holden plates which dates back to 1985. Glue was applied, but it isn't the same.

Phil shared how he lent a hand to move 'some' timber with Steve, only to rue that he's not as fit as he thought, as his muscles certainly felt it the next day.

Gerry assured us he isn't a stock holder in Kathmandu, but he did a splendid testimonial for their sun hats (on sale for only \$20!) They have a neck flap, ear flaps and are impregnated with pyrethrum to ward off bugs. As someone missing a chunk of ear, Gerry reminded us that sun protection is important.

There you go hats, for two reasons; mental illness and sun protection.

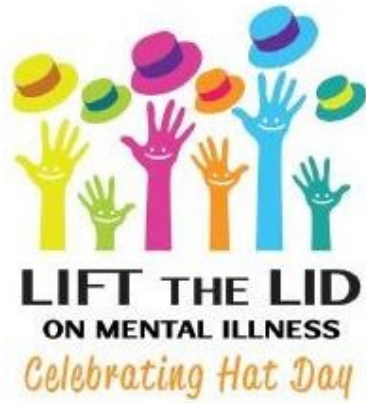

OCTOBER IS

**ECONOMIC
AND COMMUNITY
DEVELOPMENT
MONTH**

"If we can make a difference in the life of one person in a community, it is a small yet significant step to empowering a whole community."

Loshini Naidoo

Congratulations to **John Underwood** and **Warren Hollyman** who took home the prizes for the most stylish and outlandish hats. Thanks to all the Rotarians who got into the spirit of Hat Day!

Group Photo: thanks to Steve Kassulke

M.V. True North

Members enjoyed Steve Kassulke's choice of topic : not local government & state government bureaucracy!! Instead Steve treated us to

the wonderful trip he and Heather took on the MV True North, exploring the Kimberly coastline. The cruise provided fabulous catering, but Steve amused the crew by asking for a vegemite sandwich for lunch on the first day. The menu used way too much coriander for Steve's taste. He and

Heather enjoyed the helicopter options with a confidence inspiring pilot (Steve mentioned that Heather took two helicopter trips!) including to Eagle Falls (pictured above). Steve also fished every day. It was a great trip with a fantastic crew.
