

DROUGHT RELIEF PROJECT – September 2020

North Balwyn had the opportunity to enable the donation of clothing to Numurkah as part of our Drought Relief Project. These are brand new items from Jeans West which were surplus to their requirements and they wanted them to go to a deserving community.

Here is the thank you letter from the Rotary Club of Numurkah.

Good afternoon fellow Rotarians,

The delivery of the 4 boxes of clothing arrived late yesterday & a few photos are below. There are 2 boxes of men's long-sleeve shirts, 1 box of women's jumpers, & 1 box of denim jeans, shorts & some T-shirts.

I have already distributed some clothing today to the Numurkah Secondary College for some students. Representatives from the two local Primary Schools are also due to attend today to select more items for families.

Next week I will contact other welfare agencies around the area to distribute the remaining clothing.

Everyone is most grateful for your generous donation & I assure you the goods will all go to good homes.

Thanks again from your "country cousins" – have a good weekend!

Regards,

Jennifer Rodger
(Numurkah Rotary Club)
