

## Gardens Project

For two recent Fridays we tackled challenges at a property in Maud St, North Balwyn. Two Ruyton students joined the team from Xavier. They are completing *gardening hours* as part of their community service obligations.

Ian Glenny provided some before and after shots. In week 1, Rob Hortin is shown making a valiant attempt to penetrate dense vine at the side of the house. By week 2 Geoff Haddy is with Ruyton students celebrating a successful breakthrough!

Not an easy task.

It is very rewarding to work with students from both these schools who are all new to the Gardens Project yet display terrific enthusiasm. With their help plus the Rotarian team of Rob, Geoff, Tak and Ian and teachers from Xavier we filled 14 bins to the brim over the two sessions.
