

### MEETING REPORT

Yimba Uganda was founded in 2013 by Emmanuel Kusasira Edwin, in partnership with Anne-Marie Reddan. The inspiration for Yimba Uganda developed from Emmanuel's life experiences growing up.

He went on to complete a university degree in Social Sciences at Uganda's most renowned University, whilst building his career as an established Gospel

artist. As his music career grew and he became more known and respected in society, Emmanuel

never forgot where he came from and has utilized his standing and voice in society to advocate and address the needs of these communities close to his heart, in particular the youth.

Uganda has one of the youngest populations in the world, with young people making up the highest percentage of the population, majority of which are unemployed.

Yimba Uganda works to break the cycle of poverty in Uganda by providing vocational training and education to Ugandan youth who have grown up in vulnerable communities like Emmanuel, in order to reduce unemployment rates and empower the next generation to be economically independent and self-reliant.

The dream at Yimba Uganda is to establish a youth focused vocational training center that trains Ugandan youth in a wide variety of diverse income generating skills and trades. Currently they have already commenced a highly successful Tailoring, Fashion and Design course, a Music mentorship program and an Agriculture and farming project. As Yimba Uganda grows, it will continue to develop and offer more courses to Ugandan youth, so they are able to utilize their talents, and passions to pursue a promising career in their desired fields.

Host for the meeting, Jane Pennington with our guest speakers Emmanuel and Anne Marie with baby Zabu.

Emmanuel who is a professional musician did a song for the members. A member commented that the song sounded like the Essendon Football Club song in Swahili!!

## AROUND THE CLUB

Dear Troops,

Based on the weather this last week end, I can't imagine too many places better to be than huddled in our snug and cosy (very cosy!) new kitchen at Mt Waverley Community Centre. It was a real opportunity to get to know everybody well. Despite the rather cramped conditions we did rather well over the week-end.

Thanks for a great effort, particularly from Jane who was there from go to whoa! Also it was great to welcome Naomi Uehara back for a guest appearance on the coffee machine. I hope you all enjoyed doing some catering which didn't involve turning sausages. After taking out costs, profit to the Club will be of the order of \$3000, a good start for President Peter's year.

Cheers

Bill Oakley

## Rotary International Convention in Melbourne 2023

It is with great excitement that Rotary Club of Melbourne announces Melbourne as the host city for the 2023 Rotary International Convention, attracting over 20,000 delegates and the largest Conference secured this century for Victoria.

Thirty years since Melbourne hosted the same international event.

President Robert Fisher announced: "This is fantastic news for Rotary in our part of the world."

Huge congratulations are due to Hugh Bucknall, the Melbourne Convention Bureau, the D9800 Bid Team, many of our own members and countless others who put their collective shoulder to the wheel and demonstrated to Rotary International the kind of magnificent Convention we would stage in Melbourne!"

This is a Big Deal!

Melbourne is a Big Events City! The global spotlight will be on Melbourne and how we present ourselves to the world.

The Convention will take place in late May 2023 using superb venues; Rod Laver Arena and the Melbourne Convention & Exhibition Centre. All activities and events are within the "Heart and Soul" of Melbourne.

### Geoff's Health Tip

#### There's More to the Catch of the Day

Research by Professor Les Cleland and his team at the Royal Adelaide Hospital established that taking about 10ml of Fish Oil a day was beneficial in treating arthritis. This finding has since been supported by abundant evidence that the Omega-3 fats were the beneficial component in fish oil. Now, new research points to fish oil lowering the risk of heart failure.

A study carried out by researchers at the University of Rochester School of Medicine, USA, in a diverse group of 6,000 men and women of middle age, established that fish oil reduced the risk of heart failure. It was also shown that increasing the consumption of fish oil from 3ml to 10ml per day conferred additional cardiovascular benefits. The study was published in the July issue of the American College of Cardiology Journal.

Although this study was centered on fish oil, with known amounts of Omega-3 fats (30%), we should also include regular fish consumption as an additional source to boost the amount of Omega-3 fats circulating in our bodies' plasma. Most Australians are deficient in Omega-3 fats, and even those who frequently consume fish, do not obtain sufficient to provide noticeable heart health benefits.

Another benefit of regularly consuming more Omega-3 fats, whether it be fish oil or flaxseed oil (55% Omega-3), is the lowering of triglycerides in the blood. Many of us will remember the presentation by Dr Peter Brukner in which he suggested we look at the ratio of triglycerides to HDL cholesterol as an indicator of the risk of a heart attack ('A Fat Lot of Good' by Dr Peter Brukner p35). The ratio illustrates the benefit of Omega-3 fats in lowering blood triglycerides and, in so doing, reducing the risk of a heart attack.

Take home message: Australians with known heart deficiencies should consider the benefits of taking fish oil on a regular basis.

## Rotary Safe Families

It is our responsibility as Rotarians and Australian citizens to be informed and part of the solution to ending Family Violence in our communities. We must not avoid this topic because we feel helpless or believe that it doesn't happen to people we know. Rotary Safe Families is a program that will assist Rotarians to be "part of the solution" and to spread "NO" to Family Violence across your community, your Club and throughout Australia.

Our specifically designed "toolkit" provides everyone with practical safe methods of what actions we need to take to prevent this violence from occurring in the first place and suggestions on how to support someone you know who may be a victim of family violence. Go to <https://rotarydistrict9800.org.au/Stories/rotary-safe-families> for more information.
