

## **Thursday 25<sup>th</sup> July – Speakers, Ken Mitchell & Thorold Merrett**

On Thursday evening, the relationship between Probus and Rotary was reinforced by the Probus led presentation celebrating an historical, enthralling sporting battle in 1958 at the MCG.

It was great to see Rotarians from other Clubs and our own Bob Bott in attendance to hear the enthralling story of the two footy heavy weights – Melbourne and Collingwood football clubs. For this was no ordinary football match as Nth Balwyn Mens Probus Director, Ken Mitchell, clearly annunciated. This game is renowned as “The Greatest Upset in Sporting History” (ex Herald Sun).

Ken, whose knowledge of the game would relegate Bruce McAveney to novice level, set the scene for the evening. Melbourne FC saw odds of Pharlap scale as the crowd of 98,700 people arrived at a very wet and muddy MCG in Sept, 1958. Melbourne had creamed the last 3 premierships and would go on to win another 2 consecutive premierships. Only the young, small and inexperienced Pies would halt the otherwise phenomenal record of 6 consecutive flags.

Thorold Merrett, our co-speaker on the evening, was amongst those small yet dynamic youngsters who halted the Melbourne charge. Back in 1958, Thorold won Best On Ground and judging by his heavily bandaged finger last Thursday evening, Thorold is still refining his hand-balling skills – 61 years later, Collingwood needs him again !

Thorold explained the motivating impact that past Pie greats from the invincible ‘20s and ‘30s era had on the young team of 1958. “Don’t let us down, do not disappoint your parents and supporters” beckoned the greats such as Coventry, Collier and Regan.

Comprising of 5 teenagers the young brigade buckled in the first quarter to be down 5 goals to 0. However the next 2 quarters saw an incredible fight back led by Thorold’s 120 yard sprint down the wing to bring down Melbourne’s fastest gun Bluey Adams. Thorold counts this feat in front of the Members as his greatest achievement on the day which clearly sent a resounding message around the MCG.

Thorold’s nickname of “The Jet Propelled Midget” was born.

Whilst “Biff and Clout” ensued behind play, the speed of the Pie youngsters and the reliability of the key defenders clasped the famous 18 point victory. Perhaps there was more to the win as Thorold admitted to sipping sherry at half time and his sex talks with Jock McHale as a 15 year old.

Questions comparing the strategies of footy today and the loss of the drop and torpedo kicks closed off a great night.

The only unfortunate side to the evening was the fact Thorold still has not washed and returned Bob Bott’s towel.

Our thanks to Geoff Kneale for the meeting report.

### FROM THE PRESIDENT'S DESK

Our first Rotary Hero award recipient is our Ian Mollison who is long time sponsor of our Club through many activities including a lawn bowls night at his local North Balwyn Lawn Bowls Club where he is renowned as Club Champion!

This first award went down really well with our Club and helps us have fun whilst acknowledging our heroes.

Ian also helps our members with travel plans through his Hello World Travel business and he recently pulled off the impossible when unexpected last minute itinerary changes were required for an overseas Club Program.

Ian is truly a Rotary Hero!

Thanks for making Rotary more fun.

Some photos from our meeting....

### Wanted – Interviewers!!

The North Balwyn Scouts have invited our members to come and assist with mock interviews.

Date: Wednesday 14 August

In the evening for about two hours

We need six Rotarians so if you can assist please contact Bill Oakley.

### From Jim Romanis

Weather is fantastic...have had the joint war games flotilla “invade” Bowen last weekend..it was fabulous to experience and talk to Australian, U.S. Japanese and New Zealand soldiers.

Last night we had the visiting MELBOURNE Cup 2019 troupe and we held the Cup.

## Rotary International Convention in Melbourne 2023

It is with great excitement that Rotary Club of Melbourne announces Melbourne as the host city for the 2023 Rotary International Convention, attracting over 20,000 delegates and the largest Conference secured this century for Victoria.

Thirty years since Melbourne hosted the same international event.

President Robert Fisher announced: "This is fantastic news for Rotary in our part of the world."

Huge congratulations are due to Hugh Bucknall, the Melbourne Convention Bureau, the D9800 Bid Team, many of our own members and countless others who put their collective shoulder to the wheel and demonstrated to Rotary International the kind of magnificent Convention we would stage in Melbourne!"

This is a Big Deal!

Melbourne is a Big Events City! The global spotlight will be on Melbourne and how we present ourselves to the world.

The Convention will take place in late May 2023 using superb venues; Rod Laver Arena and the Melbourne Convention & Exhibition Centre. All activities and events are within the "Heart and Soul" of Melbourne.

## Joining the dots: Rotary Connecting our Community

Your Rotary Club picks up food from [SecondBite](#) West Heidelberg early Thursday mornings and delivers to [Camcare](#), and likewise we pick up from FareShare in Abbotsford and deliver to CamCare on Tuesdays or Wednesdays.

Our Club also assists Camcare hold a BBQ on the last Thursday of the month. The meat comes from FareShare, and our collectors from SecondBite pick up 2 or 3 trays of bread and rolls in addition to the usual fruit and vegetables.

**To find out how to get involved in these Club Food Transport Projects, and volunteering possibilities in these Community Support Organisation see your Club Community Director.**

[Camcare](#) is a community organisation of professionals and volunteers working together to help people in Boroondara when times are tough. Camcare provide wellbeing and support services, information and practical assistance. This may be food relief in a crisis, connecting to other services, or professional counselling for new parents, unsettled teenagers or vulnerable families. We go out to see people who need help in their homes.

Camcare also creates a welcoming community space at Camcare for people to meet and participate in activities – a place to belong.

[SecondBite](#) is a leading national food rescue organisation. They work with a range of food suppliers to rescue surplus fresh food from across the network, and redistribute it to local charities around Australia. These charities run food programs to support people in need in their communities.

[FareShare](#) rescues food that would otherwise go to waste and cooks it into free nutritious meals for people in need. Around four million Australians experience food insecurity each year while as much as \$20 billion worth of food is wasted. In Melbourne, with the help of 900 regular volunteers, FareShare cooks more than 5,500 free meals a day for charities such as soup vans, homeless shelters, women's refuges and community food banks.

**Geoff's Health Tip****Hypertension - Is it Systolic or Diastolic Pressure that is of most concern?**

If you have wondered whether systolic blood pressure (the high reading) or diastolic blood pressure, or both, contribute to cardiovascular risk or stroke, you are not alone. Controversy has existed for a long time, but a recent study of more than 1.3 million people has established that both hypertensive systolic and diastolic pressures contribute to cardiovascular disease and risk of stroke. The study was published in the July issue of the *New England Journal of Medicine*.

The researchers used two thresholds 140/90mm Hg and 130/80mm Hg. The former represented 19% of the population and the latter represented 44%, while the balance (37%) had systolic and diastolic pressures outside these ranges.

- \* The findings showed that systolic blood pressure increased as a function of age, whereas diastolic blood pressure measurements peaked for those in their 50s.
- \* Higher systolic pressure in older people can be attributed to stiff atherosclerotic arteries and this may also be responsible for low diastolic pressure.
- \* People with wide pulse pressures (difference between systolic and diastolic measurements) are indicative of arterial stiffness and disease, and are more at risk.
- \* In otherwise healthy people, the best cardiovascular protection advice is to reduce systolic pressure to 120mm Hg even though the diastolic pressure might be in the mid to low 60mm Hg range.

The study demonstrated that both systolic and diastolic are important, and it shows that in people who are generally healthy, the lower the pressure the better.

## Rotary Safe Families

It is our responsibility as Rotarians and Australian citizens to be informed and part of the solution to ending Family Violence in our communities. We must not avoid this topic because we feel helpless or believe that it doesn't happen to people we know. Rotary Safe Families is a program that will assist Rotarians to be "part of the solution" and to spread "NO" to Family Violence across your community, your Club and throughout Australia.

Our specifically designed "toolkit" provides everyone with practical safe methods of what actions we need to take to prevent this violence from occurring in the first place and suggestions on how to support someone you know who may be a victim of family violence Go to <https://rotarydistrict9800.org.au/Stories/rotary-safe-families> for more information.
