

### North Balwyn Rotary Club 40th Birthday Celebrations

Our 40th Birthday Celebrations via Zoom commenced with a welcome to all the attendees from President Peter Sutherland. He welcomed our visitors DG Grant Hocking and Melissa, PP Brian and Areta Hurnard, PP Ken Maxfield. We had around 43 members present along with many of their partners with acknowledgement of our remaining charter members in the club; Marcel Muntwyler, Honorary Member Stan Hibbert (Charter President), PP Geoff Steinicke and PP Peter Cleary.

President Peter also acknowledged two members who passed away this Rotary Year.

PP Paul Fitz was first inducted into North Balwyn Rotary Club in 1982, (proposer PP David Cheney and again in 1985 by PP Greg Matthews.

Anthony Stokes was inducted in 1989 and was proposed by Ian Collins.

### Our Leadership

RI PRESIDENT  
Mark Maloney

DG Grant  
Hocking

AG Eastside  
Barry  
Hickman

President  
RCNB  
Pete Sutherland

Proceedings commenced with a PP Peter Cleary's history of the Rotary Club from formation :-

### **President Peter and my Fellow Rotarians and Guests**

*Thank you for the opportunity to share these reminiscences with you at this very different birthday celebration.*

*I do so on behalf of all Charter Members and particularly our Charter President and Honorary Member Stan Hibbert and our other surviving Charter Members still actively serving the Club P P Geoff Steinicke and Marcel Muntwyler*

### **The birth of The Rotary Club of North Balwyn**

*In the latter half of the 1978-79 Rotary year the Board of the Rotary Club of Balwyn identified the opportunity to sponsor two new Clubs in the area. The then President the Late Trevor Penry approached the Late Jack Nankervis District Governor Elect with the proposal to establish the Rotary Club of North Balwyn and the Rotary Club of Ashburton.*

*Upon taking office as DG Jack appointed the Late Past President Duncan McKenzie of the Balwyn Club as his Special Representative to undertake the establishment of the Rotary Club of North Balwyn.*

*An interest meeting attended by approx 40 prospective members was held on Thursday 10th April 1980 followed by an Organisational Meeting on Thursday 24th April attended by 33 prospective members at which it was decided to apply to Rotary International to Charter the Rotary Club of North Balwyn.*

Continued from page 1

*The first Meeting of the Provisional Rotary Club of North Balwyn was held at the Marwal Ave Senior Citizens Club on Thursday 1st of May 1980 chaired by Charter President Stan Hibbert at which the Guest Speaker was Ron Tudor of Fable Records.*

*The signed Charter was received on Thursday 8th May 1980 less than one month after the first interest meeting. At this time "Provisional" was dropped from the Club Title and we were up and running with 31 Charter Members most of whom were unknown to each other and all but one with no Rotary experience.*

*A formal Charter Presentation Night was held at Camberwell Civic Centre on Thursday 29th May 1980 attended by 27 of the Charter Members many accompanied by their wives who were welcomed by DG Jack his wife Marj and Charter President Stan and his wife Bev.*

*The Club Charter Night was attended by representatives of 44 of the then 51 Clubs in District 980, as it was then known. A very formal occasion at which various clubs made presentations to the new Club of items including the Sergeants gong and gavel, rostrum, flags, banners and suchlike. In an attempt to break down the formality a friend of Stan's the President of another Club presented him with a bottle of White Crow tomato sauce.*

*The Rotary International President was James L Bomar whose Theme was "Let Rotary Light the Way"*

*President Stan adopted his own theme of "Fellowship through Communication" and in addressing the members said*

*"Fellowship in our first year is most important, for therein lies our strength, getting to know each other along with our families will not only make our Club life more enjoyable, but will assist us to enjoy our participation in SERVICE PROJECTS"*

*Rotary in 1980 was very different from today.*

*Membership was by invitation from an existing Rotarian.*

*Membership was available to males only.*

*It was limited to one person from each Business Operation or Profession through the allocation of a Classification.*

*Meetings commenced with a Rotary Invocation, the singing of the National Anthem and a Toast to The Queen of Australia.*

*Insignia of Office was worn throughout the meeting by the President and Sergeant.*

*Our original meetings were alcohol free. This changed when we moved to The Sentimental Bloke Hotel.*

*Weekly meeting attendance was expected or a Makeup required which necessitated attendance at another Club's Meeting within 7 days of the missed home Club meeting.*

*Our early years were spent undertaking many projects involving all avenues of Rotary Service: Community, Youth, International and Club always ensuring that there was a fellowship aspect in each one:-*

*We held car rallies, picnics, progressive dinners, pool parties, took children from Yooralla on outings, supported charities such as Edar (Eastern District Association for the Disabled) with their fundraising fete and white elephant stalls, organised community health checks for blood pressure, diabetes and xrays for tuberculosis, conducted student career counselling sessions, promoted an essay writing competition for many years at Greythorn High School, engaged in fundraising activities including fashion parades, an art exhibition, catering and car parking activities for the Doncaster Aeromodeler's Club, purchasing aluminium cans from the public and reselling to Alcoa as part of the cash-a-can program. Not all of these were financially successful I recall excess food being auctioned off to the public following a cold wet day at the aeromodeler's day. We planted and nurtured trees along the south side of the newly constructed Eastern Freeway only to find that after about 2 years growth the Council lawn mowing crew not only cut the grass but also our beloved tree, we assisted in the Macedon area with the cleanup following the Ash Wednesday bushfires, this led to a special relationship for many years with the Rotary Club of Gisborne.*

*We became involved in Youth Exchange hosting Menami Condo from Japan and Koichi Hara the following year also from Japan and sending Liz Roy, Janice Alexander and Jenny Hunter to Japan in our first 3 years of existence.*

*This resulted in the recruitment of two exceptional members who served the Club for many years, Ron Roy, the father of Liz and the Late Max Hunter, Jenny's father.*

*These and many other activities undertaken provided the basis for the Fellowship for which this Club is known which in turn has enabled the Club to achieve so much in the past 40 years.*

*Our early meetings were held at Marwal Ave Senior Citizens Club where we set up the meeting room each night, prepared and served the meals, waited on tables, cleared up and washed dishes following the meal and replaced tables chairs etc and vacuumed the hall following the meeting. On many occasions when visitors arrived unannounced a member was despatched to the Lemon Grass Chicken Shop to purchase additional food to serve.*

*In these early days when we had come together as strangers, knowing very little about one another there were challenges to be overcome one of the most difficult to my mind being the task of Sergeant undertaken so ably by the Late Paul Fitz who each week managed to entertain us all with fines despite not having any depth of knowledge about his victims. One of Paul's habits was to, every week, levy a 20 cent fine on a particular member who had a reputation for being rather thrifty.*

*We all came from diverse backgrounds but through our Fellowship and Service activities soon got to know one another and formed firm friendships. In the first year there were 5 new members inducted into the Club and unfortunately one resignation.*

continued on page 3

Continued from page 2

*The practice of undertaking Makeups was also stringently required as District kept and published attendance records of each club on a monthly basis and there was great competition to achieve 100% attendance.*

*Makeups could be an interesting experience providing the opportunity to meet other Rotarians, see how other Clubs operated and learn of various projects. I well remember some of my experiences firstly being in Hong Kong in 1981 and attending a Meeting of the Hong Kong East Rotary Club where as a visitor I was made most welcome and with other visitors invited to sit at the President's Table and along with the other guests to introduce myself and speak about my Club. At the conclusion of the introductions the President then advised the guests that they may have difficulty following the meeting proceedings as the Club was a Mandarin speaking Club. Thus the next hour was somewhat wasted.*

*On another occasion visiting the Rotary Club of London at their lunch meeting being rather surprised at being seated at the same table with Mr Iain Duncan Smith the Leader of Her Majesty's Opposition in The House of Commons who was also a visitor at that meeting.*

*Rotary Membership can provide some unusual and memorable experiences.*

*Over the past 40 years Rotary has been responsible for numerous different experiences and has been an integral part of my life, always involving my wife Pat and originally involving our children. We have made many lifelong friends through our membership of this great Club and I am extremely grateful to have been invited to be a Charter Member of the Rotary Club of North Balwyn.*

*PP Peter Cleary*

Maurie Walters entertained us with the following musical ditty:-

YOU CAN COUNT ON ME

You know that Rotary CONNECTS THE WORLD

Serves communities, so much to do

There's catering, mentoring and gardening

Sponsoring, Scholarships too

International and local projects

We do our best to help where there is need

You can count on Rotary like 1 2 3

We will be there, with Bushfire and Drought Relief

Mental Health, Malaria, and Polio

Eradicate is what we like to do Oo oo oo, oh yeah...

We try to live by, the 4 way test;

Is it the truth? Is it fair: to all concerned?

Will it build goodwill & better friend ships too?

And will it be, beneficial to all?

We're active in the Solomon's & Vietnam

Days for Girls, Camp Getaway and Bill's Jams

You can count on Rotary, like 1 2 3

We'll be there, with Bushfire and Drought Relief

Mental Health, Malaria and Polio.

ROTARY OPENS OPPORTUNITIES

Greg Ross then Entertained us with his poem (see page 4)

Continued on page 4

Continued from page 3

... in **Celebration of our 40<sup>th</sup> Birthday ... 8 May, 2020**

This is history in the making as we gather round online  
To mark our fortieth birthday, coronavirus in decline.  
Jack Nankervis was District Governor and decided it was time  
For the Rotary Club of Balwyn to find new offspring to prime.  
Duncan McKenzie had the task to form a brand new club,  
North Balwyn was its name for North Balwyn was its hub.

The Charter date in 1980 was Thursday eighth of May,  
There were 32 members in our Club who started that first day  
With Stan Hibbert as Charter President, only four remain today,  
But so much has been accomplished in four decades on the way.  
To try and do true justice and cover what we've done  
Is really nigh impossible but my challenge has begun.

What is it that's made the Rotary Club of North Balwyn last this long?  
What's its essence, what makes it continue to offer service strong?  
The answer is a mix of people who share like-minded goals,  
Who share a sense of fellowship and who take on different roles,  
Whether serving the community within Australia's shores  
Or using our Rotary membership for international cause.

Today, on this our birthday, let's look at some highlights  
That stand out in our history, over many days and nights.  
We have had three District Governors whose Conferences we ran  
In Adelaide, Melbourne, Launceston, so shone the North Balwyn clan.  
Ross, Reddish and Studebaker, our DG's who went full steam  
While Cheney, Hibbert and Matthews, they chaired each Conference team.

We've had many outstanding members, too many for this roll call,  
But Ron Carnell is one to mention, his legend still stands tall.  
He was named 'Rotarian of the Millenium,' was Secretary, ten years,  
He ran our Rotary radio and, with Betty, earned our cheers.  
After strong debate within the Club regarding female membership  
Maria Moffat became our first, and our numbers didn't dip.

It should be noted, as a fact, that President Tom Wing Young  
Earlier inducted a female member, whose background was far-flung.  
Though massive in her stature, Suzy Wong, in truth Clive Hughes,  
Had Glen Walmsley playing Sum Ting Wong, what a wife to choose!  
But when it comes to dressing up, Judy Reddish was fantastic,  
Her Lily Marlene was just one hit, her face was quite elastic.

Club meetings at Kew Golf Club have been held since 'ninety-four,  
Marwal Avenue, The Sentimental Bloke and Argenti's were before.  
Argenti's had one legendary night when DG Gordon McKern  
During his official visit became agitated, stern.  
A downpour of huge proportion saw water dripping free,  
Seeing the mirth of many members, he didn't share their glee.

Our weekly newsletter, The Grapevine, still keeps us up-to-date  
With projects and information and is very rarely late.  
It contains advice from Geoff Steinicke promoting our good health  
And reports on our Guest Speakers, of whom we've had a wealth.  
The businesses who give support: Mollo's Hello World, Chris Cross,  
Baker's Delight and Bendigo Bank, and Bread Street, hard to toss.

Our Changeovers have often had some home-grown entertainment  
Including 'Nothing But The Truth,' John Gartlan's words (no payment).  
At our 21<sup>st</sup> birthday celebration 'The Village People' sang,  
To see that group perform with skill, the acclamation rang,  
And then, of course, at Christmas time you'll hear our members singing  
Although 'Twelve Days of Christmas' sees some members' hands a-ringing

Annual golf and fellowship trips, early days preferred Rich River,  
Since then our President Elect decides, with scant regard for liver.  
In early days a fashion parade took place through one Ron Liner  
Who told most everyone he met, 'There is no painter finer.'  
When Paint Your Heart Out Melbourne happened in nineteen ninety-two  
Ron jumped at the chance to help organise and show what he could do.

Vocationally we've been involved in many different ways,  
Shine On / Livewire / literacy / job search, and vocational visit days:  
William Angliss, Alcoa, Ford, Vic Roads, Ronald MacDonald House,  
Melrose Health and so much more; our Business Awards were grouse.  
Police Mentoring in recent years has been a job worthwhile,  
Building skills and a relationship leaving everyone to smile.

Some community service activities that we have come to master  
Revolve around bushfires and drought, and even flood disaster.  
Special thanks to those who've worked at Ash Wednesday and Benalla,  
In Gisborne, Grampians and so much more, no mention of Walhalla.  
Only last year 'twas in St Arnaud we held a comedy night  
To raise morale for the farmers there in their drought affected plight.

From donating blood, Red Shield appeal and a house for Anglicare,  
Eva Tilley, Boroondara Family and the River Ride to share,  
Variety, Servants, Second Bite plus our garden project shine,  
Through Ted it's been Carols in the Park since nineteen eighty nine.  
While at Axedale, east of Bendigo, Ken Maxfield came to play  
And so inspired a project grand ... we love Camp Getaway

There's no doubt now that we are seen as a well run catering club,  
Nino, Bill and a brilliant team provide wholesome, healthy grub  
From the Grand Prix through to Bunnings, where we barbecue with pride,  
To Camberwell Market on Sunday morns, and Council functions on the side.  
Those things along with golfing days, through Greg Matthews and his team,  
See donated dollars flowing in, Club Treasurers can beam.

Other ways in which we've raised some funds to keep us strong:  
Do you remember cash-a-can? The Christmas raffle for so long  
Has seen most members in the Club sell tickets in the street,  
While after some wine bottling days, it was hard to keep your feet.  
Our dear 'ladies,' now they're 'partners,' have also paid their way  
Through card luncheons and sweet things sold. To you ... hip, hip, hooray.

A mix of fundraising fellowship, one fifty volunteers in all  
Travelled north to the 'Hilton Lindfield,' in fact a large Scout hall,  
We catered for thousands watching the world's best athletes run  
And despite the rigorous workload, it really was great fun.  
From the cooking and the snoring and the drinking it would seem  
That there in sunny Homebush, we lived the Olympic dream.

In social terms the Peninsula, through golf and fishing trips,  
Will never, ever be the same without Ted's fish and chips.  
Bernie Smith invited those who could to join him at Strathbogies,  
While some Melbourne Cup outfits each year were deserving of a Logie.  
Ian Mollo has us playing bowls, now next to our Men's Shed,  
What a monumental task that was but now full steam ahead.

We've gone to Vanuatu to help build an eye clinic  
And work done in the Solomon's should quell the fiercest cynic  
Sue McDonald's skills in midwifery have been used in Timor Leste  
While Bill Oakley, famous for his jam, his work with RAM's the best.  
ROMAC also served so well through Paul when he was fit,  
While Oleg and his tractor was a one-off Robson hit.

We've supported The Rotary Foundation, Vietnam's now our focus,  
Through Matching Grants so much achieved, no hint of hocus pocus.  
Paul Fitz of the Foundation said, 'It's Rotary's engine room,'  
And we all do know that polio will one day meet its doom.  
We're funding a PhD Scholar in our mental illness fight  
Through ARH's 'Lift The Lid' research, looking for the light.

There was Youth Exchange for many years has been a favoured choice  
With many families hosting, they give the project voice.  
We've encouraged senior students to explore their love of science  
And through MUNA we have given some the chance to end their silence.  
A great program for young leaders, RYLA simply is the best  
While RYPEN gives a lift to those who seem unsteadiest.

Continued on page 5

Continued from page 4

We cover every age group for fellowship and service  
And all have been established since the time of Jack Nankervis  
The youngest group is Earlyact, Bronwen Dimond's inspiration,  
Then Interact, with Estelle's help, is a cause for much elation.  
Rotaract was strong for years but now it needs Jane's passion,  
While Probus for the oldies has been never out of fashion.

In wrapping up this segment, for better or for worse,  
We salute our Charter Members and we do it here in verse.  
The four still active on our books are Muntwyler and Cleary,  
With Hibbert as an Honorary, leaving Steinicke still cheery.

James Bomar in 1980 asked us all to, 'Light The Way,'  
While, 'Rotary Connects The World' is Mark Moloney's theme today.  
Grant Hocking is District Governor, four decades after Jack,  
While Peter Sutherland is Club Pres, his son's now joined the pack.

We trust that future birthdays won't be spent in isolation  
For it really isn't the optimum way to enjoy our celebration.  
Forty years have come and gone, what future lies in store?  
For Rotary North Balwyn, we trust there's a great deal more!

*Greg.*

Jane Pennington then entertained us with a song:-

Tune: I am Australian

It came to Australia, Brought here by air and sea  
A nasty virus reached our shores, from it we cannot flee  
We did not know what was to come A nightmare was in store  
For many days and many nights home is where we'll stay

*Chorus:*

*We are here, all in our own homes and we will not contemplate a move  
We will remain until its over, I must, you must, We must all stay at home*

Travel was the first thing banned no going overseas  
Cafes were the next to go then pubs all felt the freeze  
Shops and clubs are boarded up no golf for anyone  
Do not stray and do not roam you must remain at home

Meetings can be held online We've learnt to talk on zoom  
Skype and facebook also work an electronic boom  
Isolation can be tough we know that to be true  
We need to keep our spirits up to see this tough time through

We can go out but not too much Go for a walk or run  
Shopping only now and then Which isn't too much fun  
Coles and Woolies do their best but toilet paper's scarce  
Bunnings, Dans and local shops can provide the rest

We don't know when this will end We hope it will be soon  
Life at home when you are all alone can be a real test  
But we do all know we will come through and this is for the best  
And in the meantime we will stay at home through night and day

President Peter then awarded two Paul Harris Recognitions, both well deserved!

THE ROTARY FOUNDATION OF ROTARY INTERNATIONAL

**Mr. Philip Wade**

is hereby named a

**PAUL HARRIS FELLOW**

in appreciation of tangible and significant assistance given for the  
furtherance of better understanding and friendly relations among  
peoples of the world.

Gary C. K. Huang  
Chair, The Rotary Foundation Trustees

*Mark Daniel Moloney*  
President, Rotary International

THE ROTARY FOUNDATION OF ROTARY INTERNATIONAL

**Dr. Neil Marshall**

is hereby named a

**PAUL HARRIS FELLOW**

in appreciation of tangible and significant assistance given for the  
furtherance of better understanding and friendly relations among  
peoples of the world.

Gary C. K. Huang  
Chair, The Rotary Foundation Trustees

*Mark Daniel Moloney*  
President, Rotary International

Geoff Steinicke then proposed a toast to the Club.

continued on page 6

Happy 40th Birthday to North Balwyn Rotary Club! Wonderful memories 1982 to 2006  
You are still doing excellent work in the community.  
Best wishes for the next 40 years!  
Geoff and Marg Perdriau

Continued from page 5

President Peter invited all the Zoom participants to light their Birthday Cakes to then sing Happy Birthday

Dear Brian and Areta,

I am so thrilled that you were able to join us at our birthday meeting.

I love the cake, and from the Club thank you for the past 29 years you have provided us with cakes.

Love Peter and Sally

**Areta Hurnard continues the tradition since 1996!**

Rowan McClean then entertained us with a song:-

(see page 7)

continued from page 6

Fly me to the moon and let me live among the stars  
 I don't want to be here with Corona, flu and SARS  
 In other words, can't hold your hand  
 In other words, I can't kiss you

Fill my heart with joy, but from a metre and a half  
 Everyone's so gloomy I just need a decent laugh  
 In other words, don't be blue  
 In other words, we'll get through

Link us up on zoom and that will help us keep in touch  
 In the present lockdown we aren't seeing each other much  
 In other words we can't shake hands  
 In other words hugs can't happen

Fill my heart with joy open coffee shops and pubs  
 I just want to normalise there's cobwebs on my clubs  
 In other words hear our plea  
 In other words set us free!

Our thanks to Rowan McClean.

**See you at our weekly Thursday 4pm Zoom Meetings**

**Use this recurring link <https://zoom.us/j/416185483>**

**Birthdays and Anniversaries between May 4 to 10**

**Weddings:** Ann and Peter Downton, Kris and Maurie Walters, Kerry and Jim Romanis

**Birthdays** Don Taylor

**Inductions:** Bronwen Dimond, Jim Studebaker

## We Do Have Something to Learn from Bats

Since the COVID-19 pandemic began, bats have been slandered on social media, targeted for culling's and looked upon as vermin, pillaging ripening fruit from backyard fruit trees. From a young age I remember I was fearful of this unusual flying mammal, in fact the only mammal that can fly.

Not so long ago a Queensland horse trainer died along with 13 of his horses from an infection caused by the Hendra virus, believed to be carried by bats. There have been several other cases in northern NSW, all related to infection originating from bats.

Bats are known to carry many deadly pathogens including Ebola, Hendra and the Corona viruses, but the question remains, how are they immune to these deadly diseases and rarely if ever fall ill or at least show symptoms?

Researchers in many countries are studying the remarkable resilience that bats have to disease - a relationship that may produce some novel therapies to shore up our own antiviral defenses.

Michelle Baker, a bat immunologist at CSIRO says, "when humans and other mammals, detect a viral invader they'll battle it with inflammation, a wildfire-like weapon that helps purge the invader from the body, but can also wreak havoc on the host's own tissues. Bats, on the other hand, are able to damp down these risky responses."

"On top of this, laboratory experiments suggest that bat's bodies may continuously churn out powerful proteins that instruct cells to block parts of the viral life cycle to keep invaders away without causing unnecessary harm to their own bodies."

"When bat viruses do make the hop to humans, it's almost always because people have encroached into the territory of animals. We are driving these species to the edge of their ability to survive, driving them into new environments and causing them undue stress. This in turn increases the likelihood that they'll shed pathogens into their surroundings."

We know that in recent decades human interactions with wild species have escalated to an unprecedented degree as urban areas continue unabated and the global wildlife trade, including the sale of exotic luxury meats, booms in the Asian markets.

Raina Plowright, a disease ecologist at Montana State University says, "it's important to note that when a pathogen does cross the species divide from animal to human, bats are almost never to blame - there is almost always an intermediary host, in the Covid-19 case, believed to be a pangolin."

Geoff

**SECRETARY REQUESTS – CHANGE-OVER 2020-21:**

Hello Everyone.

It is that time of year again where we need Member and Friend input to get everything in place for our new Rotary year.

For the Annual Report:

\*We need our Directors to have their reports to Jane Pennington by Friday 22nd May please;

\*We also need input for the Activity Log that we place in the Report that lists all the things our club has done in the last twelve months – that sheet with all the boxes in it! – If you have knowledge of activities undertaken in the last year please send them to me by email as soon as possible so we can get them into the Log.

For our Directory:

\*We need any changes of address, contact numbers or email addresses from Members and Friends just as soon as possible – certainly by May 29<sup>th</sup>

For Changeover:

\*We need the Ron Carnell Award (Ice Bucket) returned to the Secretary as soon as possible so engraving can be carried out before it once again graces another member's awards collection.  
I think Bill Oakley may have this!

For Rotary Down Under Magazine:

\*We need members to inform the Secretary as soon as possible on their preference for hard copy or electronic delivery of the RDU Magazine. Cost difference being \$10.00 per year that is incorporated into your annual club subscription.

This change has to be made on the RDU data base before the end of June so we need to know by the end of May.

Many thanks

Gavan Schwartz  
Secretary RCNB

From Beatrice Ko and Husband Christopher Lai.

Happy 9 months baby girl! What a month it's been indeed! You are settling in so well at childcare, making new friends, bonding well with your educators. I'm finally back at work after having 11 months off, every morning is a struggle saying bye to your cute little face.

You've learnt to tell us off when we don't have our attention on you. "Mama! Papa!" Followed by your baby language and that little frown. Expert in bum shuffling, are you gonna skip that crawling stage like me and jump straight to walking?

You also finally got to taste like your own cake! Home made with love, just for you. You are my motivation to cook and bake!
