

## **Where will I be in 20 years?**

I sat in my chair staring out in a gaze  
Staring out the window into the autumn haze

I sat and wondered where I would be in 20 years  
Thinking as high school draws near

I dream to be a pilot and soar the skies  
I dream to be an astronaut and look down from way up high

I dream to be a doctor to help the sick  
I dream to be a farmer and grow apples to pick

I dream to be a business woman to run an economy  
I dream to work with an age care center and play monopoly

I dream to be a lawyer and defend my side  
I dream to be a lifeguard and keep people away from the tide

I dream to be an actor and show expression  
I dream to be a psychologist and help peoples depressions

I dream to be an astronomer and look at the stars  
I dream to be in a band and play the guitar

I dream to be a police officer and protect the people  
I dream to be a baker and bake apple crapple

I dream to be a poet and write poems  
I dream to be a Minecraft youtuber and play with zombies and golems

I dream to be an archaeologist and study foreign lands  
I dream to be a sea cleaner and clean the rubbish in the sand

I dream to be a teacher and teach students math  
I dream to be an analysis and study graphs

I dream to be a builder and construct a house  
I dream to be a cosplayer and dress up as a mouse

I dream to be a firefighter and fight flames  
I dream to play professional volleyball and play national games

I dream to be an accountant and count numbers  
I dream to be a wood cutter and cut lumbers

I dream to be a creator and have clout  
I want to make a mark in this world without a doubt

Whatever I do I will take my part  
As long as I make an impact I'll think smart

I want to make people happy by helping them out  
I want to make people smile AND THAT'S WHAT MY FUTURE WILL BE ALL ABOUT!
