

STAY AT HOME

To the tune of Edelweiss

Stay at home, Do not stray, You must be in your house now
You can go, Out a bit
Ride or Run or just walking

We must all be indoors we know
When the moon is shining
This will keep us all safe
From this horrible virus

If you do, Venture out, For two hours in the daytime
Masks are musts, On your face
You must never forget one

We are hopeful that if we do, Follow all these rules
We will be, Safe and well
Going into the future

We have zoomed, on and on, Will this ever be over?
Months and months, on our screens,
Masters of electronics.

But we know this must sometime end, Numbers they are falling
We look forward, with great hope
Catching up when we can

When we do, finally meet, we will celebrate hugely
Drinks all round, have been earned
Let us hope this is coming

Bye for now you know I must go, I have said enough here
I do hope, we can meet
Face to face very soon.
