

RYLA 2022

Congratulations to Jules Borghouts and Sarah Briggs who have just finished the 10 day long RYLA camp. This camp held at the end of the year at Camp Getaway near Kyneton presents attendees with a range of learning and leadership opportunities and is staffed by Rotaractors {20-30} and Rotarians.

The program is designed to help young people connect with leaders in their community, build communication and problem-solving skills, discover strategies to become a dynamic leader in their community, learn from community leaders, inspirational speakers, and peer mentors and unlock y potential to turn motivation into action. This is as well as having lots of fun and forming lasting friendships.

Jules and Sarah discussed their experiences in learning, leadership and challenge by choice which have opened their eyes to possibilities for the future.
