

RORP Container #5

Well, after the long delays due to COVID, the container and its treasure are on the water travelling to Sri Lanka.

This would not have been possible without the generous assistance and support offered by a number of people:

- * John Arena, OmniTech and Yellowstone constructions who collected then stored playgrounds.
- * Banyule Council who stored their playgrounds at a council dept for us.
- * Wayne Jenkins and the Peninsula RORP team who have collected, stored and then delivered playgrounds to Di on multiple trailers.
- * Sam Nicol and Shraddha Sharma who have coordinated logistics, the container, Donations in Kind and identifying sets for loading.

Container #5 carries playgrounds collected from Dega Ave, Ivanhoe Park, Estrella Kindergarten, Coburg West Primary School, Victoria Gardens, MacLeod Reserve, Woodlands Park, Holy Eucharist School, Trinity Grammar and 3 playgrounds found by Wayne Jenkins and John Arena.
