

Replacing a playground?

**Don't scrap it – Recycle
Through Rotary**

Rotary Can

- Ship your old playground to countries such as Sri Lanka, where few children have access to playgrounds.
- Organise the required legal documents.
- Arrange a team to remove and transport to your timelines.
- Provide you with the story and photos to share on your website.
- Talk to Paul Cotter, Sports and Recreation, Greater Geelong City Council, to find how it was done!
